PUBLIC SERVICE COMMISSION (INDIA).**NOTICE.**

Simla, the 19th May 1936.

A competitive examination will be held in Delli on Monday, 19th October 1936, and subsequent days, for entry to the Indian Military Academy, Dehra Dun, in the term beginning on the 1st February 1937, and also for entry to the Royal Indian Navy.

2. The examination will be a combined one for the purpose of filling vacancies in the Indian Military Academy and the Royal Indian Navy. A candidate may apply to be admitted to the examination for both or either. If he wishes to be admitted as a candidate for both, he should state this on his application form. Separate applications are not required. He will be required to pay the application and examination fees once only. If he proves successful as a candidate for both he will ordinarily be assigned to the one for which he expressed a preference in his application; but the Government of India reserve power to assign him to either.

3. At this examination 15 vacancies will be offered for entry to the Indian Military Academy. The Governor-General in Council, however, reserves to himself the right to fill the last three vacancies by nomination from among those who have qualified but failed to obtain sufficient marks to secure one of the first twelve vacancies. One vacancy will be offered for admission to the Engineer Branch of the Royal Indian Navy.

4. The examination will be the same for all arms of the Indian Army, i.e., Cavalry, Artillery Signals, Engineers and Infantry. Those cadets who wish to elect for the Artillery, Engineers and Signals will be permitted to do so during their course at the Academy, at the discretion of the Commandant, provided they obtained 40 per cent. of the maximum marks in each of the subjects, Lower Mathematics and Physics, at the examination.

Copies of the Rules and the Application Form, etc., may be obtained from the Local Government or Administration or Durbar concerned.

The fact that an application form has been supplied, on whatever date, will not be accepted as an excuse for the late submission of an application. Candidates who delay their requests for forms until a late date will do so at their own risk.

6. Applications should be sent by registered post. If a candidate fails to register his application, he does so at his own risk. If a candidate

desires an acknowledgment, he should send his application "registered, acknowledgment due."

DEPARTMENT OF INDUSTRIES AND LABOUR.**NOTIFICATION.**

Simla, the 23rd May 1936.

No. M.-955.—In exercise of the powers conferred by sections 29 and 31A of the Indian Mines Act, 1923 (IV of 1923), as amended by the Indian Mines (Amendment) Act, 1936 (XI of 1936), the Governor-General in Council is pleased to make the following temporary regulations, having satisfied himself that for the prevention of apprehended danger or the speedy remedy of conditions likely to cause danger it is necessary in making these regulations to dispense with the delay that would result from their previous publication and reference to Mining Boards :—

Temporary Regulations for Coal Mines.

1. (1) These regulations may be called the Coal Mines (Temporary) Regulations, 1936.

(2) They shall apply only in respect of coal mines.

2. In these regulations, unless there is anything repugnant in the subject or context,—

(a) "the principal Regulations" mean the Indian Coal Mines Regulations, 1926;

(b) "the District Magistrate", in relation to any mine, means the District Magistrate as defined in the principal Regulations.

3. (1) The owner, agent or manager of every mine shall keep in the office at the mine a plan showing the system of ventilation in the mine, and, in particular, the general direction of the air-currents, the points where the quantity of air is measured and the principal devices for the regulation and distribution of the air. So far as practicable, the intake airways shall be coloured blue and the return airways red.

(2) The positions of any underground ambulance stations and telephones shall be indicated on the plan.

(3) The Code of signs set out in Schedule I to these Regulations shall be utilised in plans made under this regulation.

(4) Regulations 15 and 16 of the principal Regulations shall apply to any plan made under this regulation as if such plan had been prepared under Chapter II of the principal Regulations.

4. (1) All structures and supports at the tops of shafts and the covering of all shafts sealed off or covered for ventilation purposes, shall be made of non-inflammable material:

Provided that this sub-regulation shall not apply to beams for the support of cage keps or of platforms or to wooden headgears if such beams and headgears were in use on the date on which these regulations come into force.

(2) All air-crossings in main intake or main return airways and all ventilation or separation doors in any fan house or fan drift and in the vicinity of shaft bottoms or air-crossings in main intake or main return airways shall be constructed of non-inflammable material and shall be designed, as far as practicable, to prevent leakage.

(3) No timber or other inflammable material shall be used in the construction of or in connection with any underground engine-house or electrical sub-station, switch house or motor room.

(4) This regulation shall come into operation on the first day of December 1936. The Chief Inspector may in the case of any particular mine, where he is satisfied that compliance with the provisions of this regulation is not reasonably possible by the date aforesaid, direct that this regulation shall not apply to such mine for a further period not exceeding six months from that day.

5. No oil, grease, canvas, or other highly inflammable material shall be stored underground in any mine except in a fire-proof receptacle or chamber.

6. Adequate precautions shall be taken at every mine to prevent the deposition of boiler ashes or the residue from the manufacture of coke in any coal quarry, or exposed outcrop of coal or on any broken surface caused by the extraction of coal.

7. (1) No person shall light a fire or permit a fire to be lighted in any underground part of a mine:

Provided that nothing in this sub-regulation shall apply to the use of blow lamps or electric repairing apparatus if permitted by a special written order granted by the manager of the mine. The order shall specify the person to be in charge of the blow lamp or apparatus and shall require such person to bring it back to the surface when no longer required.

(2) No person shall light a fire or permit a fire to be lighted within a distance of 20 feet of the top of any shaft except in accordance with a written order granted by the manager of the mine and only for a special purpose specified in such order.

(3) All such orders shall be recorded in a pagged book kept in the office of the mine.

8. Adequate means of extinguishing fire shall be provided at any part of a mine where timber, grease or other inflammable material is stored and at all insets where timber is used for the construction of the staging and at every pit-head, engine-room and electrical apparatus room.

9. (1) No coal shall be extracted from any spot which lies vertically below and within 50 feet of—

- (a) any part of the bed of any river, or
- (b) any spot lying within a horizontal distance of 50 feet from either bank of the river.

(2) No coal shall be extracted from any spot which lies vertically below—

- (a) any part of the bed of any river, or
- (b) any spot lying within a horizontal distance of 50 feet from either bank of the river,

except with the written permission of the Chief Inspector and subject to such conditions as he may specify.

(3) For the purposes of this regulation, where sand or alluvium are lying in the course of a river, the bed of the river at that point shall be deemed to coincide with the surface of the hard strata underlying such sand or alluvium.

10. No excavation shall be done in any part of a seam lying under any part of another seam which is on fire or is believed to be on fire or which is connected by a goaf or broken strata to any fire except by a method which will maintain the strata between the seams in situ and intact.

11. (1) On the appearance in any part of a mine of smoke or other sign indicating that a fire has or may have broken out all workmen other than those whose presence in the mine is deemed necessary for dealing with the emergency shall be immediately withdrawn from the mine. No workmen, other than the men required for dealing with or damming off the fire, shall be re-admitted until either the fire has been extinguished or the part in which it exists has been effectively dammed off and an examination has been made by the manager and the competent person appointed under regulation 72 of the principal Regulations and the mine has been reported to be safe. Every such report shall be recorded without delay in a pagged book, which shall be kept at the mine for the purpose and shall be dated and signed by the manager and the competent person who made the inspection:

Provided that where a mine is mechanically ventilated, this regulation shall apply only to the ventilating district or districts that may be affected.

(2) Locked safety lamps or electric torches of a type approved by the Chief Inspector shall be exclusively used in the work of dealing with or damming off an underground fire:

Provided that where, in the opinion of the manager, it is necessary to take immediate steps to deal with an outbreak of fire, the provisions of this sub-regulation shall be deemed to have been complied with if the workmen engaged in dealing with the fire are provided with safety lamps or electric torches as quickly as is reasonably practicable.

(3) During the work of dealing with or damming off an underground fire a cage or cages containing small birds or mice shall be kept at all places in which persons may be in danger from noxious gases.

12. When smoke or other indication of outbreak of fire or a dangerous influx of noxious gases occurs in or about a mine, the owner, agent or manager of the mine shall forthwith inform the Inspector by telephone or telegraph, and shall also, within twenty-four hours of such occurrence, send notice thereof in the form contained in Schedule II to these Regulations to the District Magistrate, or to the Subdivisional Magistrate, who shall forward it to the Chief Inspector.

13. (1) Locked safety lamps or electric torches of a type approved by the Chief Inspector shall be exclusively used in any ventilating district of a mine in which there is an underground fire whether such fire is sealed off by stoppings or not :

Provided that the Chief Inspector may, in the case of any mine, grant exemption from this regulation, if, in his opinion, the use of safety lamps or electric torches in such mine is not necessary.

(2) This regulation shall not come into force till the 1st day of July 1936.

14. In any ventilating district of a mine which is not naturally wet throughout and in which there is an underground fire, whether sealed off or not, the following precautions with respect to danger from dry coal dust shall be taken :—

- (a) All haulage and tramming roads shall be systematically kept clear of accumulations of dry coal dust.
- (b) All such roads shall be systematically treated with water or incombustible dust in such a manner as to prevent an explosion from being initiated or

propagated by coal dust. If incombustible dust is used for the purpose, it shall be of a kind which is not likely to be injurious to the health of workmen.

15. In any working mine in which a fire is known or is believed to exist—

- (a) adequate precautions shall be taken to prevent the passage of air from the mine through any goaf or broken strata connected with the fire ; and
- (b) no work shall be done in any part of the mine which is not effectively sealed off from any such goaf or broken strata.

16. Inspections—

- (a) under regulation 70 of the principal Regulations in the region of an underground fire, or

- (c) under regulation 72 of the principal Regulations where the danger arises from fire or noxious gases,

The following Bill was introduced in the Council of State on the 17th April, 1936 :—

C. OF S. BILL No. 1 OF 1936.

A Bill to control the Coastal Traffic of India.

WHEREAS it is expedient to encourage the development of an Indian Mercantile Marine ;

AND WHEREAS for this purpose it is expedient to control unfair competition in the Coastal Traffic of India ;

It is hereby enacted as follows :—

1. (1) This Act may be called the Control of Coastal Traffic of India Act, 1936.

(2) It extends to the whole of the coastal traffic of British India and of the continent of India.

(3) It shall come into force on such date as the Governor General in Council may, by notification in the Gazette of India, appoint.

2. When the Governor General in Council is satisfied from a complaint, report or otherwise that unfair competition exists in the coastal traffic of British India or of the continent of India, by the lowering of the usual rates of fare or freight or by the grant of rebates or other concessions in any way whatsoever, it shall, subject to the provisions of the Government of India Act, be lawful for him to prescribe, from time to time, by rules published in the Gazette of India, the minimum rates of fare or freight between any ports in India or to prohibit by notification published in the said Gazette the grant of any rebate or concession which in his opinion amounts to unfair competition.

3. Any person who in the opinion of the Governor General in Council contravenes any such rule or prohibition shall be punished with fine which may extend to Rs. 10,000 and shall also be liable to be debarred from taking any ship into any port in India under the control of the Government of India or of any Provincial Government for such period or under such conditions as the Governor General in Council may direct.

Explanation.—A person shall include any company or association or body of individuals whether incorporated or not.

4. The Governor General in Council may, by notification, make rules for carrying out the purposes of this Act. In particular and without prejudice to the generality of the foregoing power, such rules may provide for all or any of the following matters, namely :—

- (a) for the procedure for complaint against or report about unfair competition,
- (b) for enquiry into such complaint or report,
- (c) for the imposition of the penalty of refusal of entry of any ship into any port and for the enforcement thereof.

STATEMENT OF OBJECTS AND REASONS.

This Bill is intended to remove a possible impediment to the growth and development of Indian Mercantile Marine. There is no question of any discrimination between British and Indian shipping. Past experience, however, shows that a well-established powerful company engaged in coastal traffic can easily put a new venture out of action by unfair competition, e.g., rate-cutting, grant of rebates, etc. The fear of unfair competition deters Indian capital being invested in coastal shipping. If the Governor General in Council be given power to prevent such competition, the fear will be largely allayed and a new line of commercial activity may be opened out to Indians. By this Bill, power is given to the Governor General in Council when he is satisfied that unfair competition exists, to fix minimum rates of fare and freight or to prohibit the grant of rebates or other concessions which are calculated to reduce such minimum rates. Contravention of any rule prescribed by the Governor General in Council or any direction given by him with regard to the grant of concessions is made punishable with fine or refusal of entry to an Indian port.

The following Bill was introduced in the Legislative Assembly on the 17th April, 1936 :-

L. A. BILL No. 18 OF 1936.

A bill further to amend the Code of Criminal Procedure, 1898.

WHEREAS it is expedient further to amend the Code of Criminal Procedure, 1898 ; It is hereby enacted as follows :—

Short title,
extent and
commence-
ment.

1. (1) This Act may be called the Code of Criminal Procedure (Amendment) Act, 1936.

(2) It shall apply to the whole of British India.

(3) It will come into force on such day as the Governor General in Council directs.

Amendment of
section 388,
Act V of 1898.

2. In sub-section (1) of section 388 of the Code of Criminal Procedure, 1898, after the word "only" a comma and the words, "for imprisonment till the rising of the Court and fine" shall be inserted.

STATEMENT OF OBJECTS AND REASONS.

Section 388 of the Criminal Procedure Code was amended by Criminal Procedure Code (Second Amendment) Act, 37 of 1923. By this amendment Criminal Courts were empowered to allow time and to make instalments for the payment of fine by an accused person who is sentenced to fine only. There are several sections in the Indian Penal Code under which a sentence of imprisonment must be awarded, but in practice there arise cases sometimes, in which the Court thinks only a sentence of fine is called for. In such a case the Court awards sentence of imprisonment till the rising of the Court only to comply with the provisions of law. A sentence of fine is added and imprisonment in default is prescribed. Section 388, Criminal Procedure Code, does not enable the Court to give time or to make instalments of fine in such a case. The result is that the very object with which the Court awarded imprisonment until the rising of the Court is frustrated. The accused would not possibly expect or know what the sentence would be and would not come to the Court ready to pay the fine, he must therefore be sent to the jail until the fine is paid by his relatives. This causes great hardship to accused persons, specially when they are otherwise respectable. This Bill is presented to alleviate this hardship.

The following Bill* was introduced in the Legislative Assembly on the 17th April, 1936 :—

L. A. BILL No. 19 OF 1936.

A bill to consolidate the provisions of Muslim Law relating to suits by married Muslim women for dissolution of marriage and to remove doubts as to the effect of apostasy of a married Muslim woman on her marriage tie.

WHEREAS it is expedient to consolidate the provisions of Muslim Law relating to suits by married women for dissolution of marriage and to remove doubts as to the effect of apostasy of a married Muslim woman on her marriage tie ; It is hereby enacted as follows :—

Short title,
extent and
commence-
ment.

1. (1) This Act may be called the Muslim Dissolution of Marriage Act, 1936.

(2) It shall apply to the whole of British India and shall come into force at once.

Definitions.

2. In this Act, unless there is anything repugnant in the subject or context, (1) "Maliki Law" shall mean Muslim Law as laid down by the "Maliki School" ; and (2) "Hanafi Law" shall mean Muslim Law as laid down by the "Hanafi School."

Grounds for
dissolution
of marriage.

3. A married Muslim woman may bring a suit against her husband for the dissolution of her marriage on any one or more of the following grounds :—

- (A). 1. That her husband is absconding and there is no provision for her maintenance or that her chastity is in danger due to his absence ;
2. That her husband is suffering from insanity of a dangerous type or leprosy ;
3. That her husband neglects or refuses to maintain her and she has no means to maintain herself ;
4. That her husband persistently treats her with unbearable cruelty ;
5. That she has to suffer from non-provision of maintenance or that her chastity is in danger on account of the absence or protracted incarceration of her husband.

- (B). 1. That being entitled to exercise her option of puberty, she has repudiated the marriage.
2. That her marriage was void or invalid *ab initio* or has become invalid by virtue of some subsequent event.
3. That her husband is impotent.
4. That her husband has accused her of unchastity.
5. For any other reasons which may be sufficient under Muslim Law for the dissolution of marriage.

Rule of
decision.

4. (1) Suits brought on grounds mentioned in section 3 (A) shall be heard and decided according to Maliki Law.

(2) Suits brought on grounds mentioned in section 3 (B) shall be heard and decided according to Hanafi Law.

Effect of
conversion.

5. The conversion of a married Muslim woman to a faith other than Islam shall not by itself operate to dissolve her marriage.

*The Governor General has been pleased to accord the sanction required by section 67 (2) (b) of the Government of India Act.

Trial of suits.

6. (a) Subject to the provisions laid down in the V of 1908. Code of Civil Procedure, 1908, -regarding the trial of suits, a suit for the dissolution of marriage by a married Muslim woman shall be filed in the proper Court, provided that the presiding officer of that Court is a Muslim.

(b) If the presiding officer of the Court mentioned in (a) be not a Muslim, then such a suit shall be filed in the Court of the District Judge, who may try it himself if he is Muslim—or send it for trial to any Muslim Judicial Officer in his District without any consideration for pecuniary or territorial jurisdiction.

(c) If the District Judge is not a Muslim himself and no Judicial Officer as mentioned in (b) above is available, then the District Judge shall send the case for trial to a Muslim Judicial Officer available in the nearest District.

(d) In case of transfer of a Muslim Judicial officer pending the trial of suit under this Act and his substitution by a non-Muslim Officer, the record of the case shall be sent back to the District Judge of the District where the suit was instituted and the said District Judge shall dispose of the case in accordance with (b) and (c) mentioned above.

(e) Appeals from the decision of the trial Court shall lie to the High Court and shall be heard and decided by a Muslim Judge of that Court.

STATEMENT OF OBJECTS AND REASONS.

There is no proviso in the Hanafi Code of Muslim Law enabling a married Muslim woman to obtain a decree from the Courts dissolving her marriage in case the husband neglects to maintain her, makes her life miserable by deserting or persistently maltreating her or absconds leaving her unprovided for and under certain other circumstances. The absence of such a provision has entailed unspeakable misery to innumerable Muslim women in British India. The Hanafi Jurists however have clearly laid down that in cases in which the application of Hanafi Law causes hardship, it is permissible to apply the provisions of the "Maliki, Shafi'i or Hambali Law". Acting on this principle the *Ulemas* have issued *fatwas* to the effect that in cases enumerated in clause 3, Part A of this Bill, a married Muslim woman may obtain a decree dissolving her marriage. A lucid exposition of this principle can be found in the book called "Heelat-un-Najeza" published by Maulana Ashraf Ali Sahib who has made an exhaustive study of the provisions of Maliki Law which under the circumstances prevailing in India may be applied to such cases. This has been approved by a large number of *Ulemas* who have put their seals of approval on the book.

As the Courts are sure to hesitate to apply the Maliki Law to the case of a Muslim woman, legislation recognizing and enforcing the above-mentioned principle is called for in order to relieve the sufferings of countless Muslim women.

As to cases covered by clause 3, Part B Hanafi Law makes the necessary provision for granting the appropriate relief.

Now remains the question of the personnel of the Courts giving decrees in dissolution of marriage cases. The Muslim Law requires that the decree should be passed by a Qazi who must be a "Mussalman". Under the present circumstances this is not possible, but it is possible to get such a suit decided by a Muslim presiding officer. To attain this object clause 6 has been added, which gives the available facilities to the litigants to get the dispute decided by a Muslim officer.

One more point remains in connection with the dissolution of marriages. It is this: the Courts in British India have held in a number of cases that the apostasy of a married Muslim woman *ipso facto* dissolves her marriage. This view has been repeatedly challenged at the bar, but the Courts continue to stick to precedents created by rulings based on an erroneous view of the Muslim Law. The *Ulemas* have issued *fatwas* supporting non-dissolution of marriage by reason of the wife's apostasy. The Muslim community has, again and again, given expression to its supreme dissatisfaction with the view held by the Courts. Any number of articles have been appearing in the press demanding legislation to rectify the mistake committed by the Courts, hence clause 5 is proposed to be incorporated in this Bill. Thus by this Bill the whole Law relating to dissolution of marriages is brought at one place and consolidated in the hope that it would supply a very longfelt want of the Muslim community in India.

In the end it may also be made clear that the procedure and conditions as laid down in this Bill are expected to satisfy all the schools of Muslim thought and so this Bill is made applicable to all Mussalmans residing in British India.

The following Bill* was introduced in the Legislative Assembly on the 17th April, 1936:—

L. A. BILL NO. 21 OF 1936.

A Bill to amend the Child Marriage Restraint Act, 1929.

WHEREAS it is expedient to amend the Child Marriage Restraint Act, 1929; It is hereby enacted as follows:— XIX of 1929.

Short title,
extent and
commencement.

1. (1) This Act may be called the Child Marriage Restraint (Amendment) Act, 1936.

(2) It extends to the whole of British India including British Baluchistan and the Sonthal Parganas.

(3) It shall come into force on such day as the Governor General in Council directs.

Amendment of
section 1, Act
XIX of 1929.

2. After sub-section (3) of section 1 of the Child Marriage Restraint Act, 1929, the following new sub-section shall be inserted, namely:— XIX of 1929.

“(4) The provisions of this Act shall apply also to any offence committed under this Act by any British subject within the territories of any Native Prince or Chief in India and he shall be dealt with according to the provisions of this Act in British India in the same manner as if such act had been committed in British India.”

* The Governor General has been pleased to accord the sanction required by section 67 (2) (b) of the Government of India Act.

STATEMENT OF OBJECTS AND REASONS.

There is no law making British subjects amenable to the provisions of the Child Marriage Restraint Act if they commit offences under the Act in the territories of any Native Prince or Chief in India.

In practice it has been observed that the provisions of the Sarda Act are being evaded and abused by the British subjects by their hopping over the borders of the British territory and committing offences under this Act by performing child marriages in contravention of the Act in Native States and returning to British India to enjoy immunity from the punishment provided by the Act.

If a provision such as proposed by this Bill is not enacted the provisions of the Child Marriage Restraint Act will be infructuous.

Cases of such an abuse are not rare and it is high time that they should be provided against.

Sections 3 and 4 of the Penal Code do not cover offences when committed under this Act out of British India, to be made punishable in British India.

Section 4 applies to the provisions of the Penal Code only to the offences committed by any Native Indian subject of His Majesty in any place without and beyond British India, and there is no law passed by the Governor General of India in Council, as required by section 3 of the Penal Code for trying in British India an offence under the Child Marriage Restraint Act when committed beyond the limits of the British territories.

Thus it is expedient and necessary to amend this Act as proposed by this Bill.

The following Bill* was introduced in the Legislative Assembly on the 17th April, 1936:—

L. A. BILL No. 23 OF 1936.

A Bill further to amend the Legal Practitioners Act, 1879.

WHEREAS it is expedient further to amend the Legal Practitioners Act, 1879; It is hereby enacted as follows:—

- | | | |
|---|---|----------------|
| Short title. | 1. This Act may be called the Legal Practitioners (Amendment) Act, 1936. | |
| Amendment of section 13, Act XVIII of 1879. | 2. In section 13 of the Legal Practitioners Act, 1879, | XVIII of 1879. |
| | (i) in clause (f), for the words "for any other reasonable cause" the words "who is guilty of any other misconduct" shall be substituted, and | |
| | (ii) after clause (f) the following shall be added as <i>Explanation</i> , namely:— | |

"Explanation.—Entering into any trade or business or accepting any part-time service or employment is not misconduct."

*The Governor General has been pleased to accord the sanction required by section 7 (2) (i) of the Government of India Act.

STATEMENT OF OBJECTS AND REASONS.

In the Letters Patents of the various High Courts it was provided that the High Courts could take disciplinary action against advocates or pleaders practising in such Courts for "any reasonable cause". But by the Bar Councils Act XXXVIII of 1926 this provision of the Letters Patents has been modified and under section 10 of the said Act the High Courts to which the Act applies can now take disciplinary action against an advocate only for "professional or other misconduct". It is desirable that the Legal Practitioners Act XVIII of 1879 should also be brought into line with the Bar Councils Act XXXVIII of 1926. Section 1 of this Bill, therefore, provides that in clause (f) of section 13 of the said Act XVIII of 1879 the words "who is guilty of any other misconduct" shall be substituted for the words "for any other reasonable cause".

Certain recent Judicial pronouncements (*e. g.*, of the Patna High Court in the case of Shyamapada De, pleader, reported in Volume XVI of the Patna Law Times for 1935 at page 781 and of the Chief Court of Oudh in the case of Pandit Har Prasad Sand, Advocate, reported in Part 29 of the Oudh Weekly Notes for 1935 at page 1029) have cast a doubt upon the rights of Legal Practitioners to enter into any trade or business and for the matter of that to accept a part-time service or employment. Legal Practitioners in India perform also the functions which in England are performed by Solicitors. There is no restriction on the rights of solicitors to enter into any trade or business or to accept a part-time service or employment.

There is, therefore, no reason why such restrictions should be imposed upon the Legal Practitioners in India. Moreover, times have considerably changed and the struggle in the profession is becoming keener and keener every day. It is therefore in the interest of the morale of the profession itself that Legal Practitioners should be permitted to implement their income by straightforward and honest means. This Bill, therefore, further provides for the addition of an explanation after clause (f) of section 13 of the principal Act to the effect that it is not misconduct for a Legal Practitioner to enter into a trade or business or to accept a part-time service or employment.

L. A. BILL No. 24 OF 1936.

A Bill to amend the Child Marriage Restraint Act, 1929.

WHEREAS it is expedient to amend the Child Marriage XIX of Restraint Act, 1929; It is hereby enacted as follows:— 1929.

Short title,
extent and
commencement.

1. (1) This Act may be called the Child Marriage Restraint (Amendment) Act, 1936.

(2) It extends to the whole of British India including British Baluchistan and the Sonthal Parganas.

(3) It shall come into force on the 1st of April, 1935.

Amendment
of section
1, Act XIX
of 1929.

2. In sub-section (2) of section 1 of the Child Marriage XIX of Restraint Act, 1929, after the words "Sonthal Parganas" 1929. the existing full-stop shall be deleted and the following words shall be added, namely:—

"but it shall not apply to Musalmans".

*The Governor General has been pleased to accord the sanction required by section 67(2)(b) of the Government of India Act.

STATEMENT OF OBJECTS AND REASONS.

The Child Marriage Restraint Act, XIX of 1929, came into force in April 1930, but as matter of practice it has remained a dead letter specially amongst Muslims. The Indian Law contains two provisions which can be effective in restraining child marriages—one is contained in section 376 of the Indian Penal Code which prohibits consummation with a girl under 14 years of age and the other is contained in the Child Marriage Restraint Act. But what is the restriction contained in the latter Act? It is not a restriction on consummation, but on solemnization of marriage alone. Thus illicit intercourse after the age of 14 with the consent of an unmarried girl is not a crime, but solemn marriage even without consummation is an offence. This is an anomaly. Again the restriction under the latter Act is enforced by the imposition of fine which may extend to Rs. 100 but the non-payment of which cannot be substituted by the infliction of imprisonment. It cannot invalidate the marriage. The Government itself cannot take notice of its breach, except when moved by outsiders. It is probably for this reason, that nobody has ever taken any interest in its observance. It serves no useful purpose except that its existence on the Statute-book gives powers of prosecution in the hands of strangers who are likely to abuse them, contains a penalty which is ineffectual and serves only to irritate the public specially the Muslims, and engenders a feeling of violation of law in the minds of law-abiding citizens. It is thus necessary that it must be repealed at least so far as Muslims are concerned.

The following Bill* was introduced in the Legislative Assembly on the 17th April, 1936:—

L. A. BILL No. 25 OF 1936.

A Bill to declare that properties of a Muslim dying intestate and without any heir devolve upon the Muslim Community.

WHEREAS doubts have arisen whether properties of an intestate owner dying without any heir should devolve upon the Muslim Community or be escheated to the Crown;

AND WHEREAS it is expedient to resolve such doubts;

It is hereby enacted as follows:—

Short title,
application
and extent.

1. (1) This Act may be called the Muslim Intestate Succession Act, 1936.

(2) It shall apply to the estate both moveable and immoveable of a Muslim, subject to the Muslim law of succession, dying intestate without any heir, and shall extend to the whole of British India.

Devolution of
intestate
estate.

2. Notwithstanding any law or custom to the contrary, the estate of a Muslim, subject to the Muslim law of succession, dying intestate without any heir shall devolve on the Muslim Community and shall not escheat to the Crown.

*The Governor General has been pleased to accord the sanction required by section 67(2) of the Government of India Act.

STATEMENT OF OBJECTS AND REASONS.

This Bill is intended to provide that the estate of an intestate Muslim, subject to the Muslim law, dying without any heir shall devolve on the Muslim Community in accordance with the *Shariat* in preference to its escheating to the Crown.

This rule of common law is inapplicable to Muslims who are subject to their own law which provides for such a contingency.

Section 112 of the Government of India Act provides:—

“The High Courts at Calcutta, Madras and Bombay in the exercise of their original jurisdiction in suits against inhabitants of Calcutta, Madras or Bombay, as the case may be, shall in matters of inheritance and succession to lands, rents and goods, and in matters of contract and dealing between party and party, when both parties are subject to the same personal law, or custom having the force of law, decide according to that personal law or custom, and when the parties are subject to different personal laws or customs having the force of law, decide according to the law or custom to which the defendant is subject.”

The effect of this section is that in matters of inheritance and succession to both moveable and immoveable properties, the law to be administered to the Muslims is their personal law which in this respect has not been altered or established by any legislative enactment. The pure rule of Muslim law is that the property of an intestate and heirless Muslim on his death devolves upon the Muslim Community on whose behalf the *Baitul-mal*, if existing in any locality, may receive it, or which may make any other arrangements for the custody, maintenance and expenditure of such properties. The following Bill* was introduced in the Legislative Assembly on the 17th April, 1936 :—

L. A. BILL NO. 26 OF 1936.

A Bill to remove certain disabilities in respect of the power of transfer or of will by a member of a joint Hindu family.

WHEREAS it is expedient to remove disabilities in respect of the power of transfer and of will by a coparcener of his share of the joint Hindu family property ; It is hereby enacted as follows :—

Short title
and extent.

1. (1) This Act may be called the Hindu Disposal of Property Act of 1936.

(2) It extends to the whole of British India.

A coparcener
to have a right
to make a gift
or will.

2. Notwithstanding any provision, or interpretation of Hindu Law, custom or usage to the contrary, any coparcener of a joint Hindu family may transfer by sale, mortgage, gift or otherwise or may make a will in favour of any body, of his share of the joint family property.

Explanations.

(i) In case of transfer, the share in the joint family property of the transferer will be that which he would get if partition had taken place at the time of the transfer.

(ii) In case of a will the share of the testator in the joint family property will be that which he would have got (if alive) had partition taken place at the time of his death.

*The Governor General has been pleased to accord the sanction required by section 67 (2) (b) of the Government of India Act.

STATEMENT OF OBJECTS AND REASONS.

With the impact of new ideas of rights of individuals the joint Hindu family system is working great hardship in more ways than one. This is an attempt to rectify it to some extent. A coparcener often finds that he is unable to make any provision for his most near and dear ones to cover his accidental death, when those, whom he would most like to profit by his property, are left at the absolute mercy of others. He cannot also make a transfer and thus has very restricted credit.

The Bill is intended to enable a coparcener to transfer or will away his share of the property before having recourse to actual partition.

The following Bill was introduced in the Legislative Assembly on the 17th April, 1936 :—

L. A. BILL NO. 27 OF 1936.

A Bill to control the Coastal Traffic of India.

WHEREAS it is expedient to encourage the development of an Indian Mercantile Marine ;

AND WHEREAS for this purpose it is expedient to control unfair competition in the Coastal Traffic of India ;

It is hereby enacted as follows :—

Short title,
extent and
commencement.

1. (1) This Act may be called the Control of Coastal Traffic of India Act, 1936.

(2) It extends to the whole of the coastal traffic of British India and of the continent of India.

(3) It shall come into force on such date as the Governor General in Council may, by notification in the Gazette of India, appoint.

Measures to
check unfair
competition.

2. When the Governor General in Council is satisfied from a complaint, report or otherwise that unfair competition exists in the coastal traffic of British India or of the continent of India, by the lowering of the usual rates of fare or freight or by the grant of rebates or other concessions in any way whatsoever, it shall, subject to the provisions of the Government of India Act, be lawful for him to prescribe, from time to time, by rules published in the Gazette of India, the minimum rates of fare or freight between any ports in India or to prohibit by notification published in the said Gazette the grant of any rebate or concession which in his opinion amounts to unfair competition.

Penalties.

3. Any person who in the opinion of the Governor General in Council contravenes any such rule or prohibition shall be punished with fine which may extend to Rs. 10,000, and shall also be liable to be debarred from taking any ship into any port in India under the control of the Government of India or of any Provincial Government for such period or under such conditions as the Governor General in Council may direct.

Explanation.—A person shall include any company or association or body of individuals whether incorporated or not.

Power to
make rules.

4. The Governor General in Council may, by notification, make rules for carrying out the purposes of this Act. In particular and without prejudice to the generality of the foregoing power, such rules may provide for all or any of the following matters, namely :—

- (a) for the procedure for complaint against or report about unfair competition ;
- (b) for enquiry into such complaint or report ;
- (c) for the imposition of the penalty of refusal of entry of any ship into any port and for the enforcement thereof.

STATEMENT OF OBJECTS AND REASONS.

This Bill is intended to remove a possible impediment to the growth and development of the Indian Mercantile Marine. There is no question of any discrimination between British and Indian shipping. Past experience, however, shows that a well established powerful company engaged in coastal traffic can easily put a new venture out of action by unfair competition, e.g., rate-cutting, grant of rebates, etc. The fear of unfair competition deters Indian capital being invested in coastal shipping. If the Governor General in Council be given power to prevent such competition, the fear will be largely allayed and a new line of commercial activity may be opened out to Indians. By this Bill, power is given to the Governor General in Council, when he is satisfied that unfair competition exists, to fix minimum rates of fare and freight or to prohibit the grant of rebates or other concessions which are calculated to reduce such minimum rates. Contravention of any rule prescribed by the Governor General in Council or any direction given by him with regard to the grant of concessions is made punishable with fine or refusal of entry to an Indian port.

The following Bill* was introduced in the Legislative Assembly on the 17th April, 1936 :—

L. A. BILL No. 28 OF 1936.

A Bill further to amend the Indian Arms Act, 1878.

WHEREAS it is expedient further to amend the Indian Arms Act, 1878, in order to make a uniform law with regard to possessing and going armed with "Kirpans"; It is hereby enacted as follows :—

Short title,
extent and
commence-
ment.

1. (1) This Act may be called the Indian Arms (Amendment) Act, 1936.

(2) It extends to the whole of British India.

(3) It shall come into force on such day as the Governor General in Council may by notification appoint.

Amendment of
section 5, Act
XI of 1878.

2. In section 5 of the Indian Arms Act, 1878,— XI of 1878.

(a) after the words "any arms," occurring in line 2, the words "except Kirpans" shall be inserted; and

(b) the following proviso shall be added at the end, namely :—

"Provided no licence shall be required by Sikhs both "Kesadharis and Sahijdharis" for possessing or carrying Kirpans of any size."

*The Governor General has been pleased to accord the sanction required by section 67 (2) (b) of the Government of India Act.

STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to safeguard the interests of Sikhs in observing the dictates of their religion in the matter of possessing or carrying Kirpans, and to make the law in connection therewith uniform in the whole of British India. At present the rules made under the Act, in different provinces on this point, are divergent and conflicting, making it penal in one province to carry or possess this religious symbol of a particular size or form what is recognized as perfectly valid and legitimate in another. A Sikh and his religion are the same in any part of India. The symbol of his religion cannot change with the place, and to enforce such a change is active interference with religion. There have been many instances when a Sikh has been deprived of this mark of his religion and heavily sentenced for observing it, on crossing the boundary of one province into that of another. Nor is differential treatment of the same person in different parts of his country justified by the local conditions. A Sikh is as good a citizen in one province as in another. Sikhs are spread over the whole of the country and freely move about from one end of it to another, being actively engaged in all walks of life and in all professions and crafts. In these circumstances it is necessary that the amendments proposed by this Bill be made into law. There are two kinds of Sikhs in India, one who wear hair on the head and keep some emblems, and the other are Sikhs by faith called "Sahijdharis" who are numerous in Sind. This Bill is intended to apply to both classes.

MD. RAFI,

Secy. to the Govt. of India.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill* was introduced in the Legislative Assembly on the 17th April, 1936 :—

L. A. BILL No. 29 OF 1936.

A Bill to fix the maintenance of widows in joint Hindu families.

WHEREAS it is expedient to fix the maintenance to which widows in joint Hindu families are entitled; It is hereby enacted as follows :—

Short title and application.

1. (1) This Act may be called the Hindu Widows' Maintenance Act, 1936.

(2) It applies to those parts of British India where the Mitakshara school prevails.

Maintenance for a widow in a joint Hindu family.

2. A widow of a deceased coparcener in a joint Hindu family not having any son shall be entitled to get as maintenance a life estate in the share which her husband, if alive, would have got on partition in the joint family property, such widow being further entitled to demand for her maintenance a partition in the same manner in which her husband, if alive, would have been entitled to.

*The Governor General has been pleased to accord the sanction required by section 67 (2) (b) of the Government of India Act.

STATEMENT OF OBJECTS AND REASONS.

The lot of widows of coparceners in joint Hindu families governed by Mitakshara Law is generally a pitiable one. No doubt according to the existing law such widows are entitled to maintenance up to the amount of the annual income of the share to which her husband would have been entitled on partition, if alive. But in practice the amount of maintenance awarded by Courts is generally much below such amount. Besides the widow's right is held to be liable to be defeated by a transfer of the joint family property to a *bona fide* purchaser for value without notice of the widow's claim for maintenance. It is also held to be liable to be defeated by a transfer to a purchaser for value even with notice of the claim unless the transfer is made with the intention of defeating the widow's right and the purchaser had notice of such intention. This Bill is therefore brought to ensure such widows a right to maintenance which is not dependent on the mercy of her deceased husband's coparceners and the extent of which is unaffected by the whims of the Judge.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill* was introduced in the Legislative Assembly on the 17th April, 1936 :—

L. A. BILL No. 30 OF 1936.

A Bill to secure a share for Hindu Widows in their husbands' property.

WHEREAS it is expedient to secure a share for Hindu widows in their husbands' property ; It is hereby enacted as follows :—

Short title
and extent.

1. (1) This Act may be called the Hindu Widows' Right of Inheritance Act, 19 .

(2) It extends to the whole of British India, including British Baluchistan and the Sonthal Parganas.

Definition.

2. In this Act, unless there is anything repugnant in the subject or context, " Widow " means the widow (and in case of there being more than one widow all the co-widows) of a man who at the time of his death was governed by Hindu Law.

Widow's right
to share in
joint family
property of
her husband.

3. Where the husband of a widow was at the time of his death a member of a joint Hindu family, she shall be entitled to such share of the joint family property as her husband would have been entitled to, had a partition taken place in his life time, and may also sue for partition.

This share shall become her absolute property.

Provided that, should a widow adopt a son to her deceased husband, the husband shall, for the purposes of this Act, be deemed to have been at the time of his death a member of the joint Hindu family with the adopted son.

Widow's share
to be absolute
property.

4. Where the husband of a widow was not at the time of his death a member of a joint Hindu family, she shall, subject to the right of another widow, take his property absolutely and not merely as a life interest.

Widow's share
to be exclusive
of her personal
property.
Widow's
claim to main-
tenance to
cease on parti-
tion.

5. A widow's share under this Act shall be exclusive of her independent personal property and her stridhan.

6. A widow's claim to maintenance from the funds of a joint Hindu family shall cease on the partition and separation of her share as provided in this Act.

*The Governor General has been pleased to accord the sanction required by section 67(2)(b) of the Government of India Act.

STATEMENT OF OBJECTS AND REASONS.

The Hindu Law of Inheritance, so far as widows are concerned, is unsatisfactory and unjust, and their position under it is deplorable.

After tracing the growth of widows' rights, Mayne says that Mitakshara arrived at the conclusion that " the widow is entitled to inherit to her husband, if he died separated and not reunited and leaving no male issue, and this rule is now adopted universally except where the authority of Jimuta Vahana prevails", p. 762. He adds " It is therefore equally settled in Bengal that a widow succeeds to her husband's share when he is undivided just as she would to the entire property of one who held as separated." But even in Bengal the widow of a son who predeceases his father undivided inherits nothing.

A widow's right is practically a right to maintenance and no more.

In practice a widow in Hindu society is at the mercy of coparceners. Even though her husband may have amassed the entire wealth of the family and she may, during his life time, have lived a life of affluence and luxury, as soon as he dies, the entire property goes to the surviving male members of the family and she becomes thenceforth only entitled to maintenance, which, as popularly understood, denotes bare means of living.

This rule operated well in olden days when the guiding principle was Dharm-duty, and the principles and ideals underlying the joint Hindu family system were properly understood and fully acted upon by members of the family in a spirit of self-sacrifice and self-effacement. But with the disappearance of those ideals which the joint Hindu family system necessarily demanded, the utter selfishness and callousness now creeping in the society, the non-observances of the principles on which this system was originally based, the gradual and slowly continuing disintegration of the forces of joint family system, and various other causes all due more or less to the acceptance of new ideas of life and conduct and the influence of foreign culture and contact, the Hindu Law of Inheritance has begun to operate against women with a disastrous effect and their lives are becoming difficult and distressful and often miserable ; while the condition of widows has become intolerable and in many cases appalling.

The present Bill proposes to give relief to Hindu widows by giving them a share in family property and making them sole owners of their deceased husband's personal property.

Resolution on the Triennial Report on the working of the Hospitals and Dispensaries in Bengal for the years 1932, 1933 and 1934.

GOVERNMENT OF BENGAL.

**Local Self-Government Department.
Medical.**

CALCUTTA, THE 1ST JUNE 1936.

RESOLUTION—No. 2365Medl.

Minister-in-charge: The Hon'ble Sir Bijoy Prasad Singh Roy, Kt.

Read—

The Triennial Report on the working of the Hospitals and Dispensaries in Bengal for the years 1932, 1933 and 1934.

PART I.

Calcutta hospital and dispensaries.

The total number of hospitals and dispensaries remained the same as in the previous triennium, viz., 44. Six of these institutions were exclusively for the treatment of females. Twenty-three hospitals had provision for in-patients, while the rest treated out-patients only. A noteworthy advance in the facilities for indoor accommodation was made during the triennium under review in the hospitals in Calcutta which increased the number of their beds by 221. The largest share of this increase was contributed by the Calcutta Medical School which opened a new building with 100 beds. The Chittaranjan Hospital added 46 beds by opening a Cholera Ward, and providing for more paying beds in the general wards. There was also an addition of 30 beds in the Carmichael Medical College Hospital, and 24 in the Medical College Hospital. Even with this welcome increase, however, the accommodation for in-door patients fell far short of the needs of the city. The practice of providing extra beds in the verandahs and elsewhere in times of emergency continued, but the number of such emergency beds has not been taken into account.

Attendance and admission.

The total number of in-door patients treated during these three years was 189,636 as compared to 159,530 in the previous triennium, showing an increase of nearly 19 per cent. As there was an increase of only 5 per cent. in the number of beds, it is obvious that a much greater use of beds was made in this triennium than before. The aggregate number of out-door patients treated during this period was 2,551,819, showing an increase of 514,139 or 25 per cent. over the preceding triennium. This increase may be attributed partly to the growing popularity of the hospitals, but economic depression was undoubtedly also a contributory cause. The Medical College group of hospitals secured, as usual, the highest record of patients in the in-door as well as in the out-door departments.

The system of appointing honorary medical officers in Government hospitals was very considerably expanded during the triennium under review. The Minister cordially endorses the tribute paid by the Surgeon-General to the valuable services rendered by these honorary workers.

Nursing.

The nursing services at the Medical College Hospitals and at the Presidency General Hospital were conducted by the Calcutta Hospital Nurses Institution with the aid of a subvention from Government. The finances of the Institution, which depends largely on public benevolence, underwent a serious shrinkage with the result that towards the close of the period under review Government had to help it with an additional grant of Rs. 53,000. Additional revenue was raised by imposing a scale of fees on operations on paying patients in cabins, turrets, cottages and paying wards in the Medical College group of hospitals. This additional revenue was utilised for meeting the extra expenditure on nursing arrangement.

The Bengal Nursing Act, 1934, for the provision of registration of nurses and midwives and securing better training was put into force after the close of the triennium. The problem of nursing in the State institutions in Calcutta was investigated by a committee. The committee's report reveals the fact that except in a few women's hospitals and in

the Presidency General Hospital, nursing arrangements are inadequate and in some cases wholly unsatisfactory. The various proposals made in the report of the committee for the provision of more adequate nursing are under the consideration of Government. The proposals involve the extension of training to Indians, male and female. If Indians of the right type can be attracted to this profession, the problem will not only be solved to a large extent, but there will be considerable economy in the cost of nursing. An all-round improvement in nursing would, however, require considerable outlay, and although Government fully realise the desirability of providing improved nursing facilities, it is feared that the adverse financial conditions of the province may stand in the way of effecting a marked progress in the near future.

Finances.

The gross income of State, local fund, and aided hospitals in Calcutta during the three years amounted to Rs. 1,04,17,788, showing an increase of Rs. 5,80,537 over the preceding triennium. Contributions from Government accounted for Rs. 51,08,745 or 49·09 per cent. of the total receipts. Of this amount Rs. 3,76,257 was given as grants-in-aid to non-Government institutions, the remainder being spent on the maintenance of the State hospitals. Subscriptions and donations yielded Rs. 10,51,253 against Rs. 5,79,589 in the previous triennium. Municipal contributions amounted to Rs. 13,52,837 as compared to Rs. 11,57,530. There was an encouraging increase in receipts under the heads "Subscriptions and Donations" and "Miscellaneous" which latter includes fees from paying patients and other fees. The increase in donations was largely due to the generosity of Mrs. M. H. Mauger who made a gift of Rs. 3,07,000 to the Eden Hospital, and Rs. 2,73,992 to the Carmichael Medical College Hospital. Although there was a large increase in the municipal contributions over the figures of the preceding triennium, these have shown a tendency to fall gradually in the years under review.

The total cost of maintenance of the Calcutta hospitals, excluding investment, amounted to Rs. 95,27,170, during the period under report—an increase of Rs. 1,22,668 in spite of curtailment of

expenditure and the enforcement of strict economy, especially in the case of the State hospitals.

Pasteur Institute.

A decentralised scheme for anti-rabic treatment was introduced with effect from 15th December 1933. The Pasteur Institute, hitherto located in the School of Tropical Medicine, was removed to a rented and commodious house in the suburbs suitable for manufacturing and bottling vaccines. The number of centres of treatment opened in hospitals under the control of local bodies stood at 136 at the end of December 1934.

The opening of these local centres have greatly improved facilities for anti-rabic treatment as patients are now able to obtain treatment very near their own homes and are saved the necessity of undergoing long and inconvenient journeys to Calcutta. The system has also led to considerable economy, as well as to increased receipts from the sale of vaccines.

The question of further decentralisation is now under consideration of Government.

PART II.

Mufassal hospitals and dispensaries.

The number of hospitals and dispensaries outside Calcutta and the town of Howrah at the end of the triennium under review was 1,266, representing an increase of 78 over the number at the end of the previous triennium, exclusive of 65 homeopathic, 11 ayurvedic and 4 unani dispensaries. The accommodation available for in-patients during the triennium rose from 5,751 to 6,000 beds of which 4,458 were for males and 1,542 for females. The above figures are exclusive of the few dispensaries which were temporarily established for special purposes.

The policy of improving facilities for rural medical relief by encouraging the establishment of dispensaries at thana headquarters and villages by means of an annual subsidy of Rs. 500 to each thana and Rs. 250 to each village dispensary was continued during the triennium in spite of financial stringency. The triennium opened with 264 and closed with 305 dispensaries in receipt of these grants.

Attendance.

The total number of out-door patients treated at permanently established hospitals and dispensaries in the mufassal during the three years under review was 26,800,821 against 24,899,278 in the preceding triennium, representing a net increase of 7·64 per cent. against a net increase of 9·37 per cent. in the previous triennium. The number of in-door patients treated during the corresponding period was 255,305 against 238,946 during the preceding triennium. The increase is reported in some cases to have been due to general unhealthy conditions prevailing during the period while in others it is attributed to the popularity of the hospitals and growing faith in hospital treatment. The general economic depression as well as the provision of a larger number of beds no doubt also contributed to the increase. As before, the Dacca Mitford Hospital treated the largest number of in-patients, the Burdwan Fraser Hospital and the Darjeeling Victoria Hospital respectively following next in order. The number of patients treated at dispensaries following other than the system of Western medicine was 1,462,116 against 1,437,106 during the previous triennium.

Nursing.

The nursing arrangements in the mufassal hospitals continued to be as unsatisfactory as before. Trained nurses were maintained only in a few hospitals. Elsewhere, nursing was of the primitive type, being entrusted to female attendants, ward servants, compounders, and friends and relatives of patients.

Finances.

The gross receipts of all institutions outside Calcutta and Howrah amounted to Rs. 80,19,957 as against a total of Rs. 73,66,140 in the preceding three years. Contributions by Government amounted to Rs. 9,94,078 or 12·41 per cent. against 15·74 per cent. in the preceding triennium. The fall in Government contributions was due to general measures of economy and retrenchment necessitated by financial stringency which handicapped Government during the triennium. Municipal and local fund contributions amounted to 60·75 per cent. against 60·09 per cent. and subscriptions and donations accounted for 11·07 per cent.

compared to 11·84 per cent. during the previous three years. Excluding investments, the total expenditure on the three classes of dispensaries during the triennium was Rs. 74,79,917 against Rs. 70,69,970 in the previous triennium.

Diseases.

(i) *Malaria*.—Malaria continued to account for the largest number of patients treated, viz., 9,123,748 against 7,196,318 during the previous three years.

(ii) *Kala-azar*.—During the period 199,966 patients suffering from kala-azar were treated against 179,202 during the previous triennium. It appears from the medical statistics that there has been a recrudescence of this disease in the latter part of the triennium in some parts of Bengal. The statistics of this and other most important diseases are discussed in the resolution on Public Health in greater detail in reference to the annual mortality figures.

(iii) *Cholera*.—The number of cholera patients treated fell from 31,252 in the preceding triennium to 17,833 during the triennium under report. There has been a steady decrease in the incidence of this disease and this satisfactory result may be attributed to the preventive work of the public health organisation under the guidance of the Public Health Department and to better supply of pure drinking water due to the sinking of a large number of tube-wells and other sources of water-supply.

(iv) *Epidemic dropsy*.—Epidemic dropsy accounted for 15,072 patients as compared with 10,919 during the previous triennium.

(v) *Tuberculosis*.—Tuberculosis of the lungs accounted for 38,672 patients against 34,233 during the preceding triennium. It is regrettable that the figures for the individual years indicate a gradual increase in attendance and admission for tubercular disease of all types. It is feared that the figures would have shown an even larger increase had ampler accommodation for this class of patients existed.

Medical education.

Medical education up to the standard of the M. B. degree of the Calcutta University and the L. M. F. diploma of the State Medical Faculty was imparted as usual in the two medical colleges, viz.,

the Calcutta Medical College, a State Institution, and the Carmichael Medical College, which is an aided one.

The Surgeon-General has drawn attention to the decline in the average number of passed candidates, which is partly attributed to a stiffening of the standard of examination.

The number of medical schools was the same as at the end of the last triennium, viz., nine. Of these six were Government institutions, two were aided by Government and one was an entirely private school located at Bankura.

The problem of improving the hospital attached to the medical school at Jalpaiguri so as to provide adequate material for clinical training of the medical students engaged the attention of the Minister who convened a conference of Chairmen of the district boards and representatives of the planting community in order to enlist their support and co-operation in a scheme for improving and enlarging the hospital. As a result of the conference the district boards of the Jalpaiguri division have agreed to contribute to the capital cost of the improvement by joining, in proportion to their cess income, in raising a loan of Rs. 1,28,000 and the local tea industry of Jalpaiguri and the Bengal Duars Railway Company have agreed to join with the district boards in meeting the future recurring expenditure of the hospital on condition of all these bodies being duly represented on the managing committee of the hospital.

Since the close of the triennium preliminary arrangements have been completed and structural alterations taken in hand. His Excellency the Governor laid the foundation stone of the new buildings which are progressing rapidly, and it is anticipated that a well-staffed and well-equipped modern hospital associated with the medical school will soon be available at the headquarters of this division. The adoption, in other divisions, of a similar "Divisional Hospital Scheme", for improving the hospitals attached to medical schools is now engaging the attention of Government.

General Remarks.

The working of the hospitals and dispensaries showed a steady though slow progress during the period under review

and in spite of adverse financial conditions care was taken to maintain the general level of efficiency in the medical administration of the Presidency.

The Minister frankly realises the fact that many improvements are urgently required. In particular, it is realised that the condition of many of the hospitals at headquarters of districts continues to be deplorable, owing to inadequacy of the resources of the local bodies which are charged with their maintenance. The subject of the contribution to these sadar hospitals by local bodies and the improvement of local resources is under the consideration of Government, but much must necessarily depend on an improvement in the general financial situation. In the meantime a survey has been taken up of the urgent needs of these hospitals in regard to buildings, equipment and establishment.

In concluding this review of the working of the hospitals and dispensaries for the last triennial period, the Minister desires to note his gratification at the great stimulus which rural medical relief has received from the Central grant for rural uplift since the close of the triennium. A large proportion of the provincial share of this grant has been earmarked for distribution towards the establishment of union board dispensaries. Under this scheme the whole of the capital cost of a village dispensary, viz., cost of a type plan building amounting to Rs. 1,100 plus cost of equipment estimated at Rs. 500 as well as that of a tubewell where necessary, is being contributed by Government on condition that the recurring expenditure for maintenance is guaranteed from local sources. Allotments, which have been completed on the above basis, are expected to bring into existence 139 additional rural dispensaries in the various districts of the province.

Conclusion.

The thanks of Government are due to the various officers who administered the Medical Department during the triennium and to Major-General D. P. Gail for his interesting report.

Resolution reviewing the reports on the working of district and local boards during the year 1933-34.

GOVERNMENT OF BENGAL.

Local Self-Government Department.

CALCUTTA, THE 1st JUNE 1936.

RESOLUTION No. 4782L.S.-G.

Minister-in-charge: The Hon'ble Sir Bijoy Prasad Singh Roy, Kt.

Read—

The reports of the Commissioners of Divisions on the working of district and local boards in Bengal during the year 1933-34.

1. **District boards.**—The total number of members of the 26 district boards in the Presidency was 694, showing a decrease of two owing to casual vacancies which were not filled up during the year. Of this number 102 were appointed ex-officio, 144 were appointed by name and the rest were elected. The District Magistrate continued to be Chairman of the district boards of Bankura and Midnapore. In all the other boards the Chairmen were elected, except in Darjeeling which remained the only board constituted under the old system with the Deputy Commissioner nominated to the Chair. The number of meetings held during the year was 365 of which two failed for want of quorum and 8 were adjourned.

2. **Local boards.**—The number of local boards was 84 as in the previous year and their total membership increased by 7 from 1,376 to 1,383. The eleven seats in Midnapore left vacant in the preceding year were filled up but four seats in other local boards remained unoccupied. Of the members 83 were ex-officio, 439 were nominated and 861 elected. In all but the three local boards of Darjeeling, the Chair was filled by election from among the members.

Altogether 738 meetings were held. Of these 6 proved abortive for want of a quorum and 21 were adjourned. The

average percentage of attendance was highest (92.0) at Bongaon and lowest (46.1) at Kandi.

Beyond their functions as electoral colleges the local boards with their delegated powers and resources have very little independence, work or responsibility. The grants from district boards earmarked for particular objects have in several instances shown a tendency to grow smaller and in the case of some local boards the money of which they have the spending barely equals the overhead charges of running separate establishments. As a link between the union board and the district board they are of not much consequence.

3. **Union Committees.**—There were 12 union committees in the Presidency as in the previous year. Of these 7 committees were in Midnapore and 5 in the 24-Parganas district. The union committees of Contai and Danton levied a local tax under section 118C of the Local Self-Government Act but the others depended solely on allotments from district boards.

4. **Financial features.**—The progressive increase in the revenues of district boards noticed since the year 1931-32 was maintained during the year under review.

The income of these bodies rose by over 12 lakhs to Rs. 151.8 lakhs. This increase occurred mainly under two heads viz., civil works (Rs. 7.16 lakhs) and local rates (Rs. 3.60 lakhs). The bulk of the increase under the former head was attributable to grants made by Government from the Provincial share in the road account and the motor vehicles tax fund. The enhanced receipts under local rates is accounted for by cess revaluations in some districts and by improved collections in others. An outstanding instance of improvement in collections is furnished by Rangpur (Rs. 1,39,018) brought about by extensive and systematic application of section 99 of the Cess Act.

The total expenditure chargeable to current income rose from Rs. 139.66 lakhs to Rs. 146.09 lakhs. The expenditure under the head "Civil Works" increased from Rs. 50.64 to Rs. 57.90 lakhs and under "Medical" from Rs. 34.66 to Rs. 35.74 lakhs.

The closing balance at the end of the year was Rs. 41.64 lakhs.

5. **Education.**—The income and expenditure under this head amounted to Rs. 21.59 lakhs and 37.22 lakhs against Rs. 21.58 and 37.52 lakhs respectively in the previous year. Twenty-one lakhs of this expenditure were met by Government grants-in-aid. The expenditure on primary education was Rs. 27.98 against Rs. 28.18 lakhs in the preceding year.

The number of upper and lower primary schools maintained and aided by district boards was 52,954 with 1,730,661 pupils of whom 423,925 were girls.

The primary schools in the union board areas in the district of Burdwan continued to be under the management and control of the union boards. All the district boards maintained their free primary schools and several added to the number of such schools. Howrah maintained 7 model primary schools under Mr. Griffith's scheme. The district board of Murshidabad aided a special primary school for Santals and other backward communities.

The Commissioner of Rajshahi Division has brought to the notice of Government the tendency of certain boards to defer payments of the small stipends to the village primary schools whenever there is lack of ready money. As it is, these grants-in-aid are far from lavish and the teachers have to seek other ways of supplementing their income. The Minister cannot too strongly impress on the boards the importance of avoiding defaults in distribution of stipends and grants-in-aid. It is rather unfortunate that comparatively few district boards have as yet elected to participate in the optional scheme sanctioned by Government under which they have agreed to place their existing allotment for primary education at the disposal of the district school boards to be formed under the Bengal Rural Primary Education Act of 1930.

There were 50 technical and industrial schools managed or aided by the district boards imparting education to 1,751 pupils in various subjects, such as agriculture, carpentry, smithy, motor car repairs, earthenware, dyeing and weaving.

Hooghly made a special feature of its night schools, as many as 34 night schools for labouring classes being aided and recognised by the Board.

As usual several district boards gave grants-in-aid to *tols* and *madrassas*. The Chittagong district board devoted special attention to Muhammadan education.

The district board of Bankura paid a contribution of Rs. 2,400 to the Medical School and made grants to two schools for music—one of them being for girls. It also aided an institution for promotion of Ayurvedic education and a school of physical culture. The Deaf and Dumb School at Mymensingh continued to obtain liberal assistance from the district board.

6. **Public health and medical relief.**—The total outlay under the head "Medical" amounted to Rs. 35.44 lakhs, showing an excess of Rs. 1.08 lakhs over the expenditure of the preceding year. The main increase was under "Sanitation and vaccination" which accounted for Rs. 19.37 lakhs as against Rs. 17.27 lakhs in 1932-33.

The total number of dispensaries maintained or aided by the district boards including a number of homeopathic and a few ayurvedic dispensaries rose by 19 to 1,029—an average of one dispensary for every 67 square miles of area and for every 45,000 of the population.

Six hundred and thirty-four dispensaries were maintained by district boards at an average cost of Rs. 1,785 per dispensary and 395 institutions were aided at an average cost of Rs. 894 per dispensary. The total cost of maintenance varied from Rs. 2,249 in Jalpaiguri to Rs. 685 in Faridpur.

Annual subsidies were granted as usual by Government to thana and village dispensaries which satisfied the conditions attached to the grant and it is satisfactory to note that these grants-in-aid have been effective in promoting the establishment of at least one dispensary in every thana.

In several districts neighbouring union boards are pooling their resources and starting local dispensaries in increasing numbers. This is a move in the right direction and while district boards should encourage these institutions with suitable grants it should generally be left to the union boards to manage and finance them. This would enable the district boards to pay greater attention to preventive work and to contribute in a larger measure towards the maintenance of a well-equipped and

well-staffed hospital at district headquarters and thereby to improve the standard of medical relief.

A scheme was launched during the year for having a first class modern hospital at Jalpaiguri, the headquarters of Rajshahi Division, by improving the hospital at that place attached to the Jackson Medical School and thereby also securing the continued existence of the school which had been threatened with disaffiliation by the State Medical Faculty for inadequacy of hospital arrangements. The scheme involves financial support to the hospital on the part of the district boards in the division and also of the tea and other interests concerned.

The installation of an X-ray apparatus in the Sadar hospital at Rangpur deserves special mention.

During the year under review Government initiated the decentralised scheme of anti-rabic treatment. Improved methods have made it safe to bottle anti-rabic vaccine and to send it down to districts to be administered by local practitioners without much special training. Under this scheme local bodies who control the hospitals are made responsible for the treatment. They are charged Rs. 5 per treatment *plus* postage and are entitled to recover up to Rs. 10 from all paying patients, all indigent patients being treated free of charge. It is satisfactory to note that the local authorities were, on the whole, found keen and willing in taking up the work.

Public health.—The public health activities of the district boards consisted as usual in combating the outbreaks of epidemic diseases by preventive and curative measures. The education of public opinion in villages in the general principles of sanitation and hygiene by lantern lectures and other demonstrations formed an important feature in the activities of the health staff of almost all the boards.

Apart from malaria and kala-azar the principal diseases which are liable to appear in epidemic form are cholera and smallpox. Prompt and adequate action is reported to have been taken against cholera and smallpox by means of anti-cholera inoculations, by enforcing vaccination and revaccination and by the adoption of other sanitary measures including propaganda. Unfortunately in spite of the above means these two diseases broke out in epidemic

form in several districts and were attended with considerable loss of human life.

The problem of malaria in the rural areas forming the most serious cause of mortality and debility still remains largely unsolved. But the efforts of the local bodies in this direction so far as they go deserve praise. These consisted mainly of the usual methods of—

- (1) filling up of dobas and cleansing of tanks.
- (2) re-excavation and clearance of silted up drains and khals,
- (3) jungle cutting,
- (4) kerosinization of stagnant pools, and
- (5) prophylactic quininisation.

Many co-operative anti-malaria societies and health associations assisted and did good work in combating the diseases.

The experiment to control malaria by the use of plasmochin and quinine under the supervision of the Public Health Department in Memari thana of Burdwan district was continued during the year and resulted in considerable success.

The Nabaganga-Mathabhangra scheme initiated by the district board of Nadia in co-operation with the Jessore district board was completed during the year and flood water entered the cut with good results.

The Commissioner of the Burdwan Division reports that the experiment in flushing certain areas in the Midnapore district was followed by a decrease in the incidence of malaria.

The scourge of kala-azar was also fought by an extensive provision of treatment in dispensaries and by the opening of treatment centres in affected areas.

Outdoor treatment of leprosy received special attention in several districts, and notably in Bankura, Midnapore and Burdwan.

Public health organization scheme.—Five hundred and seventy-five thana health units have now been set up throughout the province (except in some backward and undeveloped tracts) under the rural public health organization scheme which was inaugurated in

August 1927, and for which Government now make a total annual contribution of about Rs. 11 lakhs to district boards. These health units, though necessarily inadequate and providing merely a skeleton health organization in rural areas, have proved to be of immense benefit in combating epidemics of cholera and smallpox and have achieved considerable success in rousing the sanitary conscience of the rural public. The Minister has, however, reason to think that the efficiency of this rural health staff could be greatly improved in many districts by a closer control and supervision on the part of the District Health Officers.

Government cinema parties are reported to have done useful work in respect of health propaganda. A scheme of propaganda on health and rural reconstruction with the help of cinema outfits was inaugurated by the four union board associations of the district of Rangpur. A cinema outfit with some films was purchased for each subdivision and propaganda on health, sanitation, agriculture and allied subjects was carried on from village to village. The district board made a total grant of Rs. 1,000 which was distributed equally between the four union board associations. The results of the experiment are reported to have been very satisfactory and the Minister desires to commend this useful form of propaganda with the help of cinema outfits to other district boards.

Prevention of adulteration of food-stuffs continued to receive attention. The work of the district health staff generally compares favourably with that done in rural municipalities in this direction. The number of prosecutions show an increase and punishments were more adequate than in the preceding year. An appreciable check is claimed to have been exercised on the sale of adulterated food, particularly in the Chittagong Division.

7. Veterinary.—Progress in veterinary development received a setback owing to the financial difficulties of the past few years. The veterinary receipts decreased from Rs. 2,446 to Rs. 2,181 and the charges under this head fell slightly from Rs. 1,82,679 to Rs. 1,79,418.

Three new veterinary hospitals were opened at Jiagunge in Murshidabad, at

Sariakandi in Bogra, and at Siliguri in Darjeeling, respectively.

The hospital at Siliguri was brought into existence through the efforts of Darjeeling Himalayan Society for Prevention of Cruelty to Animals acting in co-operation with the district board. Stud bulls were maintained by most district boards. The district boards of Rajshahi and Malda purchased young stud bulls through the agency of the Live Stock Officer at Rajshahi and these were distributed in consultation with him to various places according to the needs of the respective localities.

Propaganda work in the direction of animal husbandry was done by the local staff by means of magic lantern lectures in melas, fairs and public health exhibitions. The Government cinema parties also helped in this direction.

Cattle epidemics were reported only from Pabna and Khulna. These were, however, quickly brought under control.

8. Civil Works.—The income under this head rose from Rs. 15,68,884 to Rs. 22,85,331. The increase was shared by all the divisions and was principally due to allotments from the provincial share in the Road Account and the Motor Vehicles Tax Fund. The aggregate expenditure under the head amounted to Rs. 57,89,817 against Rs. 50,64,027 in the preceding year, representing about 35 per cent. of the total expenditure of the boards, so that the downward trend in expenditure appears to have been checked. The increase was shared by all the divisions and occurred chiefly under the sub-heads "Buildings," "Communications," and "Water-supply (original)". The total expenditure on "Communications" was Rs. 35.50 lakhs against Rs. 29.76 lakhs in the preceding year. The increase is welcome although it is offset by the fact that the rise in expenditure was mainly owing to subventions from the Central Road Fund and the proceeds of the Motor Vehicles Tax. In course of disbursement of the latter grant, it came prominently to notice that in respect of a large number of district boards the bulk of the loss of receipts was counter-balanced by diversion from this head and cuts were freely made from the provision for communications whenever money was wanted for other purposes.

The increase of expenditure amounting to Rs. 2.41 lakhs in the Dacca Division was due principally to expenditure

against contributions from the Road Fund on the reconstruction of Dacca-Narayanganj and Mymensingh-Tangail Roads.

In the Presidency Division the district board of 24-Parganas was responsible for the increase of expenditure, having spent Rs. 2·57 lakhs on repairs of roads compared with Rs. 1·74 lakhs in 1932-33. Khulna, at the other end, reduced its expenditure largely owing to loss in cess income resulting from a reduction of the rate.

All districts in the Burdwan Division with the exception of Bankura showed an increase in expenditure on this head, Howrah, with an increase of over half a lakh, heading the list.

All the three districts in the Chittagong Division were able to add to their expenditure. In the Rajshahi Division, while two districts, viz., Rangpur and Dinajpur showed small decreases over the preceding year's expenditure, the rest contributed to the net increase.

The Jalpaiguri district board completed two fairly large bridges, one over the Karatola and the other over the Neora river and the project of raising and shingling the Madarihata-Falakata Road nearly reached completion. The bridge over the Tangon river at Thakurgaon in Dinajpur was completed during the year.

The provision for the maintenance of roads works out generally at an unsatisfactory low average. The district boards would do well to avoid new commitments in the shape of original communications unless and until they can pay adequate attention to keeping the existing roads in repair.

It is desirable in the interests of ordered development of communications that all district boards should draw up a 5 years' programme which should be worked up to as finances permit. The Minister trusts that advice to the above effect given by Government from time to time for the last 20 years will be attended to by the boards.

9. Water-supply.—The total expenditure on water-supply rose from Rs. 5,51,924 in 1932-33 to Rs. 5,96,753. Commendable activity was shown by many district boards and their local boards in increasing the sources of water-supply in the rural areas, mainly in the shape of tube-wells and masonry wells.

At the head of the list is Bogra, which sank 385 tube-wells during the year and brought the total number of tube-wells sunk during the last 3 years in the district to 794.

The three local boards of Midnapore (excepting Jhargram) sank 269 tube-wells during the year. The introduction of tube-wells in Contai is reported to have brought about a marked reduction in epidemics of cholera.

The Burdwan district board excavated one tank, 92 tube-wells and 46 masonry wells.

In Hooghly the problem of water-supply for drinking purposes is said to have been solved to an appreciable extent. The tube-well scheme has succeeded in this district and it is reported that there is now hardly any village without at least one tube-well.

Howrah met the bulk of expenditure on construction and reconditioning of tube-wells from a loan taken from Government for this purpose.

Several district boards were alive to the necessity of arrangements for the proper maintenance of these tube-wells.

In the district of 24-Parganas a staff consisting of one inspector, one mechanic and six mistries were maintained to look after the tube-wells.

The Bogra district board maintained a staff of six tube-well mechanics for repairs of its existing tube-wells. Each of these mechanics was in charge of two police stations. Khulna employed an inspector of tube-wells.

Murshidabad completed 80 tube-wells, the district board of Khulna sank 81 tube-wells and Faridpur sank 79 during the year. The district board of Tippera reconstructed 27 tube-wells which had fallen into disuse.

The district board of Dacca maintained the waterworks of Munshiganj at a total cost of Rs. 3,406 and paid the usual annual subsidy of Rs. 500 towards the maintenance of the Manikganj waterworks. Tippera contributed Rs. 2,000 to the Brahmanbaria municipality for water-supply.

The whole question of devising ways and means for conservation of tube-wells is under examination by Government.

Other kinds of sources of water-supply especially in districts and areas where tube-wells were not considered suitable received the attention of the district

boards. Tanks were excavated or repaired in many districts. In others masonry and concrete wells as well as pottery wells were sunk in fairly large numbers.

Bakarganj added only two new tanks to its number of reserve tanks while excavation of 4 others was taken up. The board has at present 370 reserve tanks under its direct control excluding 102 tanks in the Colonisation and Khasmahal areas towards which it had made contributions.

Government make fairly large annual grants-in-aid of definite schemes for improvement in water-supply in rural areas. It is desirable that there should be co-operation between Government and the district boards regarding the distribution of their respective grants in order that the allotments may be spent to the best advantage and the danger of overlapping may be avoided. To secure this end it appears to be necessary to maintain proper records of all sources of water-supply.

The problem of water-supply in rural Bengal is a vast one and in spite of the best efforts of Government and the local bodies it will take several years to solve the problem if it is tackled on a definite and systematic programme.

It was with that object in view that Government laid down in 1929 a policy of granting loans to district boards on extremely advantageous terms for comprehensive rural water-supply schemes. Very few boards have, however, thought fit so far to take advantage of the loan policy although Government have pressed it upon the notice of district boards from time to time. The Minister desires once again to remind the district boards of the loan scheme and urges them to come forward with comprehensive programmes. There should be no hesitation now that the fall in the income of the district boards has been definitely checked.

General remarks.—The revision of the Bengal Local Self-Government Act III of 1885 which was overdue was made by the amending Bengal Acts XXIV of 1932 and III of 1933. It may be useful to give a brief summary of the important changes made in the law governing the district and local boards.

The members of district and local boards were required to begin their office with an oath of allegiance to the Crown

and provision was made for the appointment of a second Vice-Chairman and an Executive Officer in order to ensure better supervision of the activities of the district boards.

A statutory Public Health Committee of the district board was brought into existence and the district boards were enabled to undertake all measures, consistently with their finances, for ensuring the public health of the districts. They were empowered to require private owners to cleanse or drain unwholesome tanks, pools and premises. Provision was made in the amending Act for compelling owners of *melas* and fairs to take out licenses and to comply with conditions regarding sanitary control.

Powers of the district board were extended in the matter of making grants-in-aid to schools and libraries. Corrupt practices in regard to elections were defined and penalised.

With a view to increasing the income of the district boards provision was made for crediting to the District Fund all fines realised within their areas under the Bengal Vaccination Act, 1919, and power was taken for licensing private *hats*, markets, fairs and *melas*. District boards were empowered to make grants-in-aid towards works and measures for improving agriculture and provision was made for authorising district boards to undertake the maintenance of arterial communications which, while passing through municipal areas, essentially serve the interests of the district as a whole. Power was also taken by passing the Local Self-Government (Amendment) Act III of 1933 to secure representation of a minority community on the district board, by declaring, where necessary, a particular community as a minority community and by reserving seats for it on both local and district boards.

Comments have been made in appropriate places on the drawbacks and defects which came to notice as well as the commendable features of administration of the various boards. Although cases of irregularities have not been absent and the reports of auditors showed many instances of defective control and lack of supervision, Government consider that the actual working of the boards has on the whole been satisfactory and that they have, generally speaking, emerged fairly well out of the trying time of depression. It is regretted that audit and inspection notes

and especially the former, are not always given prompt and sufficient consideration and steps to remove serious shortcomings brought to notice are not readily taken.

Several of the Commissioners in their review have referred particularly to the unwillingness of district board to "face facts", and to pay due attention, in budgeting, to the cautious husbanding of their resources with a view to their utilisation to the best advantage and on essential matters. The general financial crisis brought to a head the difficulties attending on incurring of commitments without proper scrutiny. It is to be hoped that the local authorities have now gained experience which will be of great use to them in future.

Another common defect to which all Commissioners have drawn notice is the absence of sufficient financial assistance by the district boards to the union boards. With some exceptions, the district boards have transgressed against the repeated instructions of Government that a substantial share of the augmentation grant should be distributed among the union boards. Government trust that in future district boards will recognise their definite responsibility in assisting the development of these rural units of self-government.

Party faction was not prominent and the district boards kept themselves generally free from politics. The relations between the executives of the boards and the local officers of Government were generally marked by close co-operation.

The Minister takes this opportunity of thanking the following gentlemen whose names have been mentioned by the Divisional Commissioners for conspicuously good work done during the year:—

Rules for the examination of candidates for admission to the Postal Superintendents (Class II) Service.

No. S.-89/1.—The following rules, which are liable to alteration from year to year are prescribed for the examination to be held in November 1936 for admission to the Postal Superintendents (Class II) Service.

1. A competitive examination for admission to the Postal Superintendents (Class II) Service will be held in India at such time as the Governor-General in Council may direct.

2. The maximum number of candidates to be admitted to the examination may, at the discretion of the Governor-General in Council, be limited to such number, not being less than 200, as the Governor-General in Council may decide. If the number of candidates exceeds that limit, the Public Service Commission shall select from among the applicants those who will be admitted to the examination and in doing so will have regard to the suitability of the applicants and to the adequate representation of the various provinces and communities of India.

3. (i) A candidate who is in the permanent service of Government shall apply to the Public Service Commission for admission to the examination through the Head of his Office, who shall forward his application to the Commission through the Government concerned, unless he refuses his consent to the application.

(ii) A candidate who is not in Government service, or is employed in Government service only in a temporary capacity at the time that he submits his application, shall apply to the Public Service Commission through the proper authority of the area in which his parents reside at the time of submitting his application, or have resided for a period of not less than three years, or in which the candidate has himself resided, otherwise than as a student, for a like period. A Government servant who is employed in a temporary capacity, should, however, before submitting his application, obtain in writing the permission of the Head of the Office or Department in which he is employed and attach it to the application.

(iii) The proper authority for a Governor's Province is the local Government of that province; for Coorg, Delhi or Ajmere-Merwara, or British Bahuchistan, the Chief Commissioner; and for a State in India, the Political Officer or Agent, who must be addressed through the Government of the State.

(iv) No candidate may make more than one application in respect of any one occasion on which an examination is held.

4. A candidate must be a male and either :

(a) a British subject of Indian domicile whose father (if alive) is a British subject or a subject of a State in India, or (if dead) was at the time of his death either a British subject or a subject of a State in India or a person in the permanent service of the Crown or a person who had retired from that Service ; or

(b) a ruler or a subject of a State in India :

Provided that in the case of a British subject the requirements of this rule may be waived by the Governor-General in Council if he is satisfied that their observance would occasion exceptional hardship, and that the candidate is so closely connected by ancestry or upbringing with His Majesty's Dominions as to justify special treatment.

Provided also that a ruler or a subject of a State in India cannot be appointed unless he has obtained the declaration required under Section 96A of the Government of India Act.

5. Candidates must have attained the age of 22, and must not have attained the age of 25, on the first day of August 1936.

Provided that a candidate who is over the age of 25 and under the age of 28 on that date may be admitted to the examination if he :—

(a) holds substantively a permanent appointment in a Department or Office administratively connected with the Service which he seeks to enter or in an Office or Department subordinate thereto, and

(b) is recommended by the Head of his Department.

6. A candidate must satisfy the Public Service Commission that his character and antecedents are such as to make him suitable for appointment to the public service. No candidate who is in the employment of the Central or of a Local Government will be admitted to the examination, unless the Head of his Department reports that his character and attainments are satisfactory.

7. A candidate must be a graduate of one of the Universities enumerated in the first appendix to these rules or hold the Senior Diploma of the Mayo College, Ajmere :

Provided that, in exceptional cases, the Public Service Commission may, on the recommendation of the Governor-General in Council or a Local Government, treat as qualified a candidate who, though he has not any of the foregoing qualifications, has passed examinations conducted by other institutions of a standard which in the opinion of the Commission justifies his admission to the examination.

8. (1) No candidate will be admitted to the examination unless he holds a certificate of admission from the Public Service Commission.

(2) The decision of the Public Service Commission as to the eligibility or otherwise of a candidate for admission to the examination will be final.

9. (1) No recommendations except those invited in the form of application will be taken into consideration.

(2) Any attempt on the part of a candidate to obtain support for his candidature by other means may disqualify him for admission.

10. (1) Candidates must pay the following fees :—

A.—To the Public Service Commission—

- (i) Rs. 7-8-0 with the application form.
- (ii) Rs. 75-0-0 immediately on receipt of an admission certificate from the Public Service Commission.

Rs. 16-0-0 before examination by a Medical Board in the case of successful candidates. This fee must be paid in cash at the time of the medical examination.

(2) No claim for a refund of these fees will be entertained.

11. The examinations will be conducted by the Public Service Commission in the manner prescribed in the regulations in the second appendix.

12. (1) A list of competitors, in the order of proficiency as disclosed by the aggregate marks finally awarded to each competitor, will be prepared by the Public Service Commission.

13. A candidate must be in good mental and bodily health and free from any physical defect likely to interfere with the discharge of his duties as an officer of Government. A candidate who is found after examination by a Medical Board not to satisfy these requirements will not be appointed. After the list mentioned in Rule 13 has been made out, candidates who are likely to be appointed will be medically* examined.

PART VI

Bills introduced in the Council of State and Legislative Assembly, Reports of Select Committees presented to the Council and Assembly, and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill* was introduced in the Legislative Assembly on the 17th April, 1936 :—

L. A. BILL NO. 16 OF 1936.

A Bill to make provision for the restoration of the Buddha Gaya Temple and its premises to Buddhists and for the better management of the same.

WHEREAS it is expedient to make provision for the restoration of the Buddha Gaya Temple to the Buddhists and for the better management of the same ; It is hereby enacted as follows :—

Short title,
extent and
commencement.

1. (1) This Act may be called the Buddha Gaya Temple Act, 1936 .
- (2) It shall extend to the whole of British India.
- (3) It shall come into force immediately.

Definitions.

2. In this Act, unless there is anything repugnant in the subject or context,—
 - (a) " The Temple " means the Great Temple built by the side of the Maha Bodhi Tree near Buddha Gaya village in the Gaya District.
 - (b) " The Temple Land " means the land on which the Maha Bodhi Temple and its precincts stand.
 - (c) " The Mahanth " means the presiding priest for the time being of the Saivite Monastery at Buddha Gaya.

*The Governor General has been pleased to accord the sanction required by section 67 (2) of the Government of India Act.

	(d) "Committee" means the managing committee constituted under the provisions of this Act.
	(e) "Court" means the Court of the District Judge of Gaya.
Management and control.	3. The Government of India shall immediately, on the passing of this Act, establish a Committee as hereinafter provided and entrust it with the management and control of the Temple Land, the Temple and the worship in it.
Constitution of Committee.	4. (1) The Committee shall consist of the Mahanth and nine representatives of the Buddhists of India, Burma and Ceylon to be nominated by the Governor General of India in consultation with the Governments of Burma and Ceylon. (2) Any vacancy that occurs in the Committee shall be reported by the Committee to His Excellency the Governor General within three months from the date of its occurrence.
Rights of Hindus.	5. Notwithstanding anything contained in this Act or in the rules framed thereunder, Hindus of every sect shall have access to the Temple to worship the image of Lord Buddha and to the Temple Land to offer Pinda under the Bodhi Tree to the north of the Temple, provided that nothing in this section shall enable any person to slaughter goat or any other animal on the Temple Land for any purpose religious or otherwise.
Exemption of Property.	6. Notwithstanding anything contained in this Act or in the rules framed thereunder, the Committee shall have no jurisdiction over the Zamindari or any other property attached to the Saivite Monastery at Buddha Gaya.
Statement of Accounts.	7. Within three months after the first day of January in every year the Committee shall prepare and furnish to the Court a full and true statement of accounts of all moneys received or expended by them on behalf of the Temple during the previous year : Provided that the Court may, if it is satisfied that there is sufficient cause for so doing, extend the time allowed for the furnishing of any statement of accounts under this section.
Power to make rules.	8. (1) The Committee may, from time to time, make rules to carry into effect the purposes of this Act. (2) In particular and without prejudice to the generality of the foregoing power such rules may provide for all or any of the following matters, namely :— (a) the upkeep and repair of the Temple ; (b) the improvement of the Temple Land ; (c) the welfare and safety of the pilgrims ; (d) the safe custody of statements of accounts and other documents relating to the Temple or the Temple Land ; and (e) the maintenance of cordial relations between the Buddhist and the Hindu pilgrims.
Saving.	9. Nothing in this Act shall affect any other enactment for the time being in force in British India providing for the preservation of ancient monuments.

STATEMENT OF OBJECTS AND REASONS.

The Maha Bodhi Temple at Buddha Gaya is the most sacred shrine of the Buddhist world as it stands on the spot where Lord Buddha attained Supreme Wisdom. It is to the Buddhist what Mecca is to the Muslim, Ajodhya to the Hindu and Jerusalem to the Christian. It is in the hands of a non-Buddhist, the Saivite Mahanth for Buddha Gaya. For many years past the Buddhists have been greatly dissatisfied with his management of the Temple and the Temple Land. They have expressed their strong desire to have them restored to their control. The desire is but natural ; and this Bill is intended to make provision for the better management of the Maha Bodhi Temple and the Temple Land and for their restoration to the Buddhists of India, Burma and Ceylon without prejudice to the right of Hindus to worship the image of Buddha in the Temple and to offer Pinda at the Bodhi Tree to the north of the Temple.

The Report of the Director of Public Health, Bengal, for the year 1934.

Vital Statistics.—The number of births recorded during the year 1934 was 1,464,520 against 1,473,944 in 1933, and the number of deaths 1,176,887 against 1,197,885. These births therefore exceeded the deaths by 287,633 as against an excess of 276,059 in 1933. It was only in Calcutta and the districts of Birbhum and Bogra that there was an excess of deaths over births, viz., 7·2, 0·8 and 2·4 per mille, respectively; Jessore which had shown a similar result since 1927, succeeded in checking its course of deterioration and actually reported an excess of births over deaths in 1934.

The proportion of male and female births was nearly the same as in the preceding year, i.e., 107 males to every 100 females.

The rate of natural increase was again the lowest (5·7 per mille) in this province, the highest rate being 12·31 per mille in the Punjab.

Although the rate of infant mortality per 1,000 births came down from 200·1 in 1933 to 189·2 in 1934, the total number of deaths among infants under the age of 1 in the latter year was 277,194, which represented 23·5 per cent. of the total number of deaths in the province. There is thus ample scope for improvement in the maternity and child welfare work in the province.

2. *Cholera.*—50,742 deaths occurred from cholera in 1934 against 29,242 in 1933; this represented an increase of 66·7 per cent. over the mortality rate of the previous year, but a decrease of 9·1 per cent. on the average of the previous quinquennium. Two other provinces only (Central Provinces and Bihar and Orissa) recorded a higher mortality rate. Against the provincial rate of mortality of 1·0 per mille, Faridpur district returned the highest rate, viz., 2·3 per mille followed by Bakarganj (2·2) and Murshidabad (2·1). All the districts showed higher mortality than in 1933 except Dacca and Tippera where the fall was however only slight. Darjeeling was free from cholera as in 1933. Of the total deaths from cholera, 3,196 occurred in the towns and 47,546 in the rural areas.

2,442,620 cubic centimetres of anti-cholera vaccine were issued during the year against 1,232,530 in 1933. The number of inoculations performed was 2,106,269 against 1,036,643 in 1933.

Preventive measures were adopted, as usual, including disinfection of sources of water supply, inoculation, and education propaganda work. Whenever possible, assistance was rendered to local authorities in anti-cholera work.

3. *Small-pox.*—Small-pox took a toll of 8,296 lives in 1934 against 15,426 in 1933, thus showing a reduction in the death rate from ·3 to ·2 per mille. The death rate was the highest in April and the lowest in September to November. Calcutta alone was responsible for 1,074 deaths but there was a substantial decrease in other towns which registered only 424 deaths; the incidence in Calcutta (·9 per mille) was, however, lower than that of the last year and also of the last decade.

The percentage of mortality among young children, especially children between the ages of one and ten, continued to be very high. 377 infants under one year and 966 children between one and ten years died of small-pox as against 808 and 915 respectively in 1933.

Small-pox accounted for .7 per cent. of the total provincial mortality against 1.3 per cent. in 1933. Five other provinces recorded a higher percentage of mortality.

The number of persons vaccinated increased from 6,637,097 to 6,791,962. The average cost of each successful case of vaccination was the same as in the previous two years, viz., 1 anna 9 pies, while the cost of manufacture of a grain of lymph rose from 1.4 pies to 2 pies.

4. *Malaria and kala-azar.*—Fevers accounted for 64.9 per cent. of the total provincial mortality as against 67.8 per cent. in the previous year; of this malaria and kala-azar were responsible for 32.9 and 1.2 per cent. respectively. The number of deaths from fevers fell from 812,393 in 1933 to 764,492 in 1934, the death rate being 15.3 per mille of population against 16.3 in 1933 and 14.6 during the last quinquennium.

Out of the above number, malaria claimed 387,191 and kala-azar 14,763 as against 413,922 and 13,447 respectively in the preceding year.

The intensity of fever mortality was highest in Birbhum (26 per mille) and lowest in Calcutta (3.5).

The death rate from malaria was heaviest in Rajshahi with 17.8 per mille, Nadia (16.2), Murshidabad (15.5), Birbhum (15.4), Malda (15), Jessore (14), Dinajpur (13.3), Pabna (13.1), Rangpur (13.1), and Bogra (11.7). Compared with the previous year, six districts recorded slightly increased death rates, and in twenty districts the death rate declined, the decrease being most noticeable in Nadia (from 20.2 to 16.2) and Jessore (from 18.5 to 14.0).

The incidence of malaria was highest in Birbhum although Rajshahi showed the highest mortality.

The death rate from kala-azar showed a slight increase from .27 to .29 per mille. The number of new kala-azar cases admitted for treatment however fell from 129,539 to 121,142, the decrease being most marked in the 24-Parganas, Jessore, Rajshahi and Khulna; on the other hand, Burdwan, Dacca, Chittagong, Darjeeling and Bogra showed a noticeable increase in the number of such cases.

The incidence of kala-azar was highest (over 2 per cent. of population) in the districts of Malda, Dinajpur, Rajshahi, Murshidabad and Jessore.

The experiment in the intensive treatment of the population with quinine and plasmochin which was initiated in 1933 in the Memari thana of the Burdwan district was continued during the year under review. The experiment yielded satisfactory results, but as the year was one of unusual drought, it was decided to continue the experiment for another year.

The free distribution of quinine in the five selected thanas in Western Bengal was also continued during the year; there was, however, no appreciable reduction in the death rate from malaria in these areas.

The campaign against *anopheles ludlowii*, which continued to be a menace to Calcutta, was carried on in co-operation with the Calcutta Corporation, other local bodies and some of the jute mills interested in scheme on similar lines to those adopted in 1933; and although some new breeding places were discovered in and around the city, there was no outbreak of malaria in an epidemic form. Anti-mosquito measures were also undertaken successfully by the East Indian and Bengal Nagpur Railways in Lillooah and between Fuleswar and Uluberia.

5. *Other diseases.*—Of the total provincial mortality, .8 per cent. was due to enteric fever. The number of deaths from the disease was 9,754 during the year against 11,026 in 1933. The death rate decreased by 15 per cent. in rural areas but increased by 2 per cent. in the urban areas, the rate in Calcutta remaining the same, viz., 0.80 per mille.

Dysentery accounted for 29,674 and diarrhoea for 24,273 deaths in 1934, as against 25,980 and 20,717 deaths respectively in 1933. These two diseases were responsible for 4.6 per cent. of the total provincial mortality. The highest death rate from dysentery (viz., 3.06 per mille) was recorded in the district of Darjeeling.

6. *Respiratory diseases.*—There were 85,113 deaths from respiratory diseases against 82,173 in 1933, the death rate increasing from 1.6 to 1.7 per mille. As in the previous year, the death rate was highest in Calcutta (with 8.8 per mille), Jalpaiguri (5.3), Howrah (3.9), Hooghly (3.8) and Darjeeling (3.7). Of these deaths, 41,006 (or 48.18 per cent.) were from pneumonia against 37,337 (or 45.43 per cent.) in 1933. The death rate was highest in Jalpaiguri (4.01 per mille), Hooghly (2.52) and Calcutta (2.11). Compared

with the previous year 19 districts recorded a higher rate. The Director of Public Health points out that since 1923 there has been a steady increase in the provincial death rate from pneumonia which deserves notice.

Phthisis was responsible for 14,845 deaths as against 14,802 in 1933. As in the previous year Calcutta returned the highest death rate (2·30 per mille) followed by Darjeeling (1·48).

7. *Fairs and festivals.*—As in the previous year, the Public Health Department and the local authorities concerned made efficient medical and sanitary arrangements for the prevention of the outbreak of infectious diseases at the Ganga Sagar and the Nangalbandha melas, some private voluntary organizations contributing not a little towards the success of the arrangements. There were only four cases of cholera at Ganga Sagar, while four cases of cholera occurred in the four melas in the district of Dacca, including one case at Nangalbandha.

8. *Sanitary works including water-supply.*—Rupees 51,86,429 or 45·1 per cent. of the total receipts (including opening balance) of municipalities was spent on sanitary works during the financial year 1933-34, a fall of 1 per cent. from the previous year's expenditure. The average expenditure per head of municipal population was Rs. 2—3—9 4/5. Rupees 28,98,965 was spent on conservancy, Rs. 10,90,601 on water-supply and Rs. 3,50,788 on drainage.

The expenditure of district boards on water-supply, drainage and sanitation remained almost steady : 2·9 per cent. of their income was spent on water-supply, ·1 per cent on drainage and 9·9 per cent. on sanitation (including vaccination) against 3·1 and 9·7 per cent. in the previous year.

Of the total expenditure of Rs. 90,12,874 the union boards spent Rs. 5,87,857 on water-supply, Rs. 68,186 on drainage and Rs. 67,196 on conservancy.

9. *School hygiene.*—Medical officers visited 161 schools and inspected 17,283 boys and 319 girls, the corresponding figures in the previous year being 183 schools, 21,140 boys and 550 girls. 42·5 per cent. of the pupils were found to be well-nourished and 19 per cent. ill-nourished. These figures show a slight improvement on the returns of the previous year.

There was a marked increase in the number of inspections made by rural sanitary inspectors, who visited 4,865 schools, and inspected 147,599 pupils during the year, the corresponding figures for the previous year being 4,468 schools and 109,693 pupils.

10. *Educational propaganda.*—Propaganda work on public health was intensified by an increased number of lectures, demonstrations and cinema shows organised by the twelve parties engaged for the purpose. 1,444 lectures and demonstrations were given during the year and they attracted over 18 lakhs of people. An exhibition van, which was specially constructed by Government, toured over four districts in the Burdwan Division and held 59 exhibitions. An experimental propaganda through radio constituted a novelty of the year and proved a success.

11. The work of medical inspection of school children in Calcutta having been taken over by the Education Department, the post of Assistant Director of Public Health for School Hygiene was abolished as a measure of retrenchment.

The combined charge of Dacca and Rajshahi circles under one Assistant Director of Public Health having proved unwieldy, the post of Assistant Director of Public Health for Rajshahi was revived and the retrenched officer was appointed to it.

12. *Personal.*—The Minister desires to record his appreciation of the active and loyal services rendered by Dr. Khambata, Director of Public Health, and his subordinates during the year under review.

By order of the Government of Bengal

(Ministry of Public Health),

Secretary to the Government of Bengal.

Darjeeling.—No. 7890E.A.—22nd May 1936.—The following draft of rules, which in exercise of the power conferred by clauses (a) and (b) of section 215 of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), as modified in its application to the district of Darjeeling, the Governor in Council proposes to make with respect to municipalities in the district of Darjeeling, is published for the information of persons likely to be affected thereby.

2. The draft rules will be taken into consideration on or after the 15th July 1936, and any objection or suggestion with regard thereto which may be received by the undersigned through the Deputy Commissioner of Darjeeling before that date will be duly considered:—

Draft rules prescribing the procedure to be followed by an assessor of municipal taxes appointed under the Act and by the Assessment Review Committee appointed under sub-section (1) of section 149 of the Bengal Municipal Act, 1932.

1. The Assessor shall commence work in sufficient time as may be fixed by the Commissioners at a meeting according to the local conditions, so as to finish his work at least three months before the date on which the new assessment is to take effect.

2. The office of the Assessor shall be situated in the municipal office or in any other suitable place provided by the Chairman for the purpose.

3. It shall be the duty of the Chairman to produce all relevant and required documents and papers in his power and otherwise render every assistance to the Assessor and the Assessment Review Committee appointed under sub-section (1) of section 149 of the Act in the discharge of their duties.

4. The assessor shall obtain from the Chairman copies of the current assessment registers and all information as to new holdings, and may issue notices under section 134 of the Act in Form A attached hereto to owners or occupiers of all holdings whose names appear in the said registers and to all owners or occupiers of new holdings, requiring them to submit to him, within one week of service of the notice, true and correct returns of the rent or annual value thereof and true and correct description of the holdings in Form B annexed hereto. These forms shall be printed by the Commissioners and copy shall be attached to every notice under section 134.

5. The notice referred to in rule 4 shall be signed by, or shall bear a facsimile of the signature of, the Assessor.

6. The Assessor shall verify each return referred to in rule 4 in chronological order.

7. The notice of intention of the Assessor or any person authorized by him in writing, to enter, inspect and measure any holding shall be in Form C annexed hereto and shall be served by a special messenger in the manner laid down in section 510 of the Act.

8. (a) For the purpose of ascertaining the gross annual rental at which a holding may reasonably be expected to let comparison may be

made with the rents of similar holdings in the vicinity. Regard may also be had to the rent which might reasonably be expected in an average year or taking one year with another, and not in any particular year. The rental of the holding in the past or in the future is immaterial, and a hypothetical tenant shall be assumed to use the property in the same way as the actual occupier, and to have the same facility for deriving profit from it, no more or no less.

(b) If such gross annual rental cannot, in the opinion of the Assessor, be easily estimated or ascertained, he shall determine the value of the building or buildings on the holding at the time of such assessment, regard being had to the age and existing condition of the building, its description and the dimensions of the rooms, the materials used, the area covered, accommodation, environment, road facility, commercial importance, sanitary condition, water supply facility, distance from schools and markets, present market value, and all other amenities and other conveniences. Ground rent for the land comprised in the holding shall be ascertained from the local sub-registry office or otherwise.

9. When the annual value of a holding has been determined by the Assessor, he shall fill up the last two columns of Form B and prepare an assessment list in the manner prescribed in section 136 and in accordance with the percentage rate fixed by the Commissioners at a meeting under section 135. When the assessment list is ready, the Assessor shall endorse on it a certificate over his signature as to the correctness of the entries therein, and shall then make it over to the Chairman who shall give the Assessor a dated receipt.

10. The assessment list prepared by the Assessor shall be submitted with a brief report to the Commissioners showing the basis on which he has prepared the list, *e.g.*, it should compare different areas and streets or even parts of a street and show why properties in them differ in value. Further, each actual assessment shall be accompanied by a note showing how he has arrived at it, comparing the property in question with other similar property and explaining why the assessment differs, if it does.

*Procedure to be followed by the Assessment Review Committee
appointed under section 149(1)*

11. All applications for review of assessment or valuation or for exemption from assessment filed within the time prescribed in section 148 of the Act shall be entered in an objection list and that list with the assessment list to which objection is taken shall be placed before the Assessment Review Committee appointed by the Commissioners under sub-section (1) of section 149 of the Act.

12. The Committee shall then give at least seven days' notice under sub-section (2) of section 149 of the Act to the applicant in Form D annexed hereto of the time and place at which the application will be heard.

13. On the date so fixed for hearing, or any date to which such hearing may be adjourned, the Committee shall take such evidence and make such inquiry as it may deem necessary, in the presence of the

objector or his agent, if he appears, and shall then pass such orders on the application as it thinks fit. One member of the Committee shall attest and date any correction in the assessment list that may be necessary as a result of its decision, and the assessment list shall be final as soon as all the objections to it have been heard and determined.

14. For the purpose of determining the gross annual rental of a holding, the Committee shall generally follow the procedure laid down in rule 8.

Darjeeling.—No. 7898E.A.—22nd May 1936.—The following draft of rules, which in exercise of the power conferred by clause (f) of section 215 of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), as modified in its application to the district of Darjeeling, the Governor in Council proposes to make with respect to municipalities in the district of Darjeeling, is published for the information of persons likely to be affected thereby.

2. The draft rules will be taken into consideration on or after the 15th July 1936, and any objection or suggestion with respect thereto which may be received by the undersigned through the Deputy Commissioner of Darjeeling before that date will be duly considered:—

**Draft rules regarding the conditions and limitations under which
a license may be granted for a trade, profession or calling.**

1. (1) When the Commissioners have decided to levy a tax on trades, professions and callings under clause (f) of sub-section (1) of section 123 of the Act, they may, by written notice, require the occupier of any building or place of business to forward to them, within *fifteen* days, a list, signed by such occupier, of the names of all *persons* exercising or carrying on any of the professions, trades or callings, referred to in Schedule IV of the Act, and of the respective profession, trade or calling of each.

(2) When the Commissioners have reason to believe that any person is exercising or carrying on any such profession, trade or calling, they may, by written notice, require him to furnish them with any particulars specified in such notice.

Penalty for failure to comply, Rs. 50.

Note.—“Person” in these rules includes a limited or joint stock company, or an association or a body of individuals.

2. Every person who exercises or carries on in a municipality, either by himself or by an agent or representative, any of the professions, trades or callings indicated in Schedule IV, shall take out a half-yearly license and pay for the same such tax as may be imposed by the Commissioners, subject to the maximum prescribed in the Schedule:

Provided that the grant of such a license shall not be deemed to affect the liability of the licensee to take out a license under any other provision of the Bengal Municipal Act, 1932.

3. When a place of business occupies only a portion of any premises and has not been separately valued under chapter V, the valuation thereof for the purposes of these rules shall be the rate per mensem at which such place of business might, in the opinion of the Commissioners, reasonably be expected to let.

4. If the Commissioners are satisfied, after due enquiry, that a person who has taken out a license under Schedule IV of the Act, has not actually exercised the profession, trade or calling for three or more

consecutive months within the period for which the license was granted, they may refund not more than 1/6th of the half-yearly fee for each calendar month during which such profession, trade or calling was not exercised: provided that such refund shall not be made unless the person concerned makes an application within one month after the expiry of the period of the license.

5. When the Commissioners are satisfied that any person is unable to pay the fee prescribed for license, they may exempt him from the liability to take out such license or declare that he shall be entitled to take out a license on payment of a lower rate of fee.

6. Every such license shall specify—

- (a) the name of the person to whom it is granted;
- (b) the profession, trade or calling in respect of which it is granted;
- (c) the place of business where the said profession, trade or calling is exercised or carried on;
- (d) the date and the period of the grant thereof;
- (e) the fee, if any, paid for the license or the written permission; and
- (f) the restrictions and conditions (if any) subject to which it is granted.

7. (1) When any person carries on within a municipality two or more professions, trades or callings which are separate or independent of one another, he shall take out a license for each class under which such professions, trades or callings are mentioned in Schedule IV.

(2) If any person carries on any profession, trade or calling which, in the opinion of the Commissioners, is auxiliary to another profession, trade or calling carried on by him, such person shall be required to take out only one license on payment of the highest fee payable for taking out a license for any of the two or more professions, trades or callings with which he is concerned.

8. If any person carries on a profession, trade or calling in two or more municipalities, he shall take out a license in respect of such profession, trade or calling in each of such municipalities.

9. When two or more persons carry on business jointly, they may take out a single license as a firm:

Provided that, if any of the parties of such firm exercises or carries on any separate profession, trade or calling on his own account or jointly with other partners, a separate license shall be taken out in respect of every such profession, trade or calling.

10. Any person who has taken out a license for the next preceding year, shall, subject to the other provisions of these rules, be presumed, unless he proves to the contrary, to be liable and entitled to take out a license for the current year.

Darjeeling.—No. 7902E.A.—22nd May 1936.—The following draft of rules, which in exercise of the power conferred by clauses (a), (b), (c) and (m) of section 311 of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), as modified in its application to the district of Darjeeling, the Governor in Council proposes to make with respect of municipalities in the district of Darjeeling in supersession of the rules published with notification No.1806M, dated the 16th October 1917, as subsequently amended, is published for the information of persons likely to be affected thereby.

Draft rules for the preparation, publication and execution of projects for water-supply, sewerage or drainage by municipal authorities.

1. *Definition.*—In these rules—

- (a) "municipal authority" means the Commissioners of a municipality constituted under the provisions of the Bengal Municipal Act, 1932, and includes a joint committee constituted under sub-section (1) of section 87 of that Act.
- (b) "Chief Engineer" means the Chief Engineer, Public Health Department.
- (c) "Sanitary Board" means the persons for the time being appointed, either by name or by official designation, by the Local Government by notification in the *Calcutta Gazette* to constitute a Sanitary Board.

2. *Preparation of sketch of project.*—(1) Whenever a municipal authority desires to undertake a project for water-supply or sewerage, or a comprehensive scheme of surface drainage, or the improvement or extension of existing works of this description, it shall first cause to be drawn up a sketch of the project roughly showing its scope and estimated cost.

(2) Such sketch may be drawn up—

- (a) by the Chief Engineer, at the request of the municipal authority; or
- (b) by any private firm approved by the Chief Engineer; or
- (c) with the permission of the Chief Engineer, by the District Engineer, for whose services an application should be made to the District Board; or

(3) In cases (b) to (d) referred to in sub-rule (2) the sketch of the project, while in course of preparation, shall be subject to examination and amendment by the Chief Engineer.

(4) The Chief Engineer shall, in all cases, act as adviser of the municipal authority.

3. *Submission of sketch, statement and application.*—(1) When the estimated cost of any scheme, or of any larger scheme of which it forms a part, is Rs. 10,000 or more, or when the financial assistance of the Local Government is desired, the municipal authority shall submit the sketch of the project prepared under rule 2 to the Sanitary Board through the Commissioner of the Division, together with a statement wherein shall be shown the amount of the funds available to meet the capital and recurring cost of the project from current revenue or by way of loan or from any other source.

(2) The Sanitary Board, after considering the project, shall forward it to the Revenue Department of Government for decision as to administrative approval with such recommendations as they may think fit, and, if the project relates to local areas under the control of two or more local authorities, with proposals for the distribution of the cost.

4. *Conditions precedent to obtaining administrative approval of the Local Government to a project.*—In order to obtain the administrative approval of the Local Government to any such project, the municipal authority shall satisfy the Local Government—

(3) In case (b) referred to in sub-rule (1), the plans and estimates, while in course of preparation, shall be subject to examination and amendment by the Chief Engineer.

(4) When land has to be acquired, the officer preparing the scheme shall send necessary particulars of such land to the Deputy Commissioner of the district and shall obtain from him an estimate of the cost of its acquisition. This estimate shall be submitted with the main scheme as a separate estimate.

6. *Submission of detailed plans and estimates for approval.*—(1) The detailed plans and estimates shall, on completion, be forwarded by the municipal authority in duplicate to the Sanitary Board through the Commissioner of the Division, together with the particulars required by rule 8 and a report on the state of public feeling in regard to the scheme and, if a loan is required, with an application in the prescribed form.

(2) If the scheme is for the improvement or extension of existing waterworks, the particulars mentioned in sub-rule (1) shall be accompanied by a statement showing in detail the financial position of the water-supply fund of the municipality.

(4) When the scheme has not been prepared in the office of the Chief Engineer, it shall be accompanied by full details of the calculations of the size and strength of the various works and complete information as to the prices on which the estimates have been based.

(5) The Sanitary Board shall submit the scheme as finally drawn up to the Revenue Department of Government for approval, with an expression of their opinion (a) on its merits and (b), if a loan is required, on the terms of such loan.

7. *Submission of proposals for rules regulating house-connections.*—If the scheme includes projects with the intention of allowing house-connections, the municipal authority shall, within three months of submitting the detailed plans and estimates under rule 6, submit proposals for rules under section 311 of the Act regulating house-connections, with explanations of any variation proposed from the model house-connection rules.

8. *Publication of the scheme after its approval by the Local Government.*—(1) When the scheme has been approved by the Local Government, it shall be published in the *Calcutta Gazette*, and locally in accordance with the provisions of section 507 of the Act, with the following particulars, namely:—

- (a) a general description of the scheme;
- (b) an estimate of the cost of carrying it out;
- (c) an estimate of the cost of maintaining it;
- (d) the source from which the cost will be met;
- (e) the amount of the loan, if any, required for the scheme, the annual instalments by which such loan will be repayable, and the number of years required to repay it; and
- (f) when several local authorities are concerned, the distribution of the loan between those authorities.

(2) Where the scheme is for providing or improving the water-supply, the following additional particulars in respect of each municipality concerned shall be also published in the manner described in sub-rule (1), namely:—

- (a) the total annual charge to be incurred by reason of the water-supply and to be met by a water-rate;
- (b) the percentage of such water-rate on the annual value of holdings;
- (c) the average incidence of such water-rate per head of the population.

9. *Final sanction of schemes after considering objections, if any.*—After the expiry of six weeks from the date of the publication under rule 8, and after considering any objections or suggestions that may be received, the Local Government may either sanction or reject the scheme as published, or may refer it, with such proposals for amendment as it may think fit, to the Sanitary Board, who, after considering the scheme and proposals, shall return the scheme to the Local Government together with the opinion of the Board on the proposals; and the scheme and opinion so returned shall be published and disposed of by the Local Government in the manner provided in rule 8 and in this rule.

10. *Commencement of work.*—No work shall be commenced on the project, nor shall any agreement be entered into in respect thereof, until the detailed plans and estimates have received the final sanction of the Local Government under rule 9.

11. *Sanction to heavy excesses over detailed estimates.*—If at any time during the progress of the work the municipal authority has reason to anticipate that the sanctioned detailed estimate will be exceeded by more than 10 per cent., or if it shall at any time appear to the municipal authority that the sanctioned detailed scheme will require material alteration, the municipal authority shall forthwith submit to the Local Government for sanction a revised scheme with revised estimates and plans.

The revised estimates and plans shall be prepared—

- (a) in the case of schemes prepared and carried out by the Municipal Engineer under rules 5 (1) (b) (iii) and 13 (2) (a), by that officer and shall be scrutinized by the Chief Engineer;
- (b) in the case of schemes prepared and carried out by a firm of engineers of established reputation, or by an engineer specially appointed for the purpose under rule 5 (1) (b) (i) or 5 (1) (b) (iii) and rule 13 (2) (a), by the firm of engineers or the engineer so appointed, and shall be scrutinized by the Chief Engineer;
- (c) in the case of schemes prepared and carried out by the District Engineer under rules 5 (1) (b) (ii) and 13 (2) (b), by that officer and shall be scrutinized by the Chief Engineer;
- (d) in all other cases, by the Chief Engineer.

12. *Taking over of complete supervision and control by Chief Engineer.*—(1) The Chief Engineer shall have complete supervision and control of the carrying out of all schemes of water-supply, sewerage and drainage towards which the Local Government make a grant

amounting to Rs. 50,000 or more, or to half the total cost of the scheme, or more. The municipal authority shall undertake to pay the fees specified in rule 33 before work on the scheme is begun.

(2) In other cases the municipal authority may request the Chief Engineer to take over supervision and control of the work, and on the municipal authority undertaking to pay the fees specified in rule 33, the Chief Engineer shall, if he considers that he can do so without detriment to the public service, take over such supervision and control.

(3) Works, of which the complete supervision and control are taken over by the Chief Engineer under sub-rule (1) or sub-rule (2), shall be considered as contribution works and shall be carried out by the Engineering Branch of the Public Health Department under the rules regarding such works in paragraphs 210 to 214 of the Bengal Public Works Department Code (1st edition), except that the provision made in the Code for establishment, etc., will be covered by the fees specified in rule 33 hereof, or shall be met by the municipal authority by payment of such fees as the Local Government may from time to time prescribe.

(4) In addition to the above fees the municipal authority shall bear all law charges on behalf of the Local Government in any suits brought by contractors or others in connection with the execution of any project under this rule:

Provided that no charge shall be payable by the municipal authority under sub-rule (4), if, in the opinion of Local Government, the suit is due to the malfeasance or negligence of the Chief Engineer or an officer subordinate to him.

(5) The municipal authority shall be given an opportunity of seeing the terms of any contract for the execution of such work before it is executed. The Chief Engineer shall consider any remarks made by the municipal authority as to the terms of the contract and if he is unable to accept the remarks shall submit the matter to the Local Government for decision.

13. *Conditions as to detailed engineering supervision.*—(1) Where the projected work is estimated to cost Rs. 10,000 or more, adequate provision for detailed engineering supervision shall be a condition precedent to the grant of final sanction by the Local Government under rule 9.

(2) Save as otherwise expressly directed by the Local Government—

- (a) the work shall be carried out under the supervision of an Engineer, either permanently employed by the municipal authority or specially employed for the purpose, assisted by an adequate establishment of properly qualified overseers, the name and qualifications of the engineer having been previously submitted to the Chief Engineer, and approved by him; or
- (b) with the previous approval of the Chief Engineer, arrangements shall be made with the District Board for the carrying out of the work under the supervision of the District Engineer and his staff; or
- (c) the work shall be carried out under the complete supervision and control of the Chief Engineer in the manner provided in rule 12.

(3) In cases (a) and (b) referred to in sub-rule (2), the work while in progress shall be subject to inspection and control by the Chief Engineer.

14. *Report by municipal authority to the Chief Engineer in case of small work.*—Where the work is estimated to cost less than Rs. 10,000 and where a grant or loan has been taken from the Local Government, the municipal authority shall report to the Chief Engineer, the agency by which it is proposed to have such works carried out, and shall follow the instructions issued by the Chief Engineer in the matter.

Tenders and Contracts.

15. *Procedure to be followed in case of other works.*—In the case of works carried out under clause (a) or clause (b) of rule 13(2) the procedure provided by rules 16 to 27 shall be followed.

16. *Preparation of drawings, specifications, forms of tender, etc.*—When requested by the municipal authority, the Chief Engineer shall, subject to the payment of the fees mentioned in rule 31, prepare working or contract drawings, specifications, estimates, bills of quantities, forms of tender, or other documents or plans required for the execution of schemes, which have been duly sanctioned and which are to be let out by contract, as well as forms of advertisement inviting tenders for such works.

17. *Approval of Chief Engineer to drawings, specifications, forms of tender, etc.*—When drawings, specifications, bills of quantities, forms of tender, and other documents or plans referred to in rule 16 relating to any work are not prepared by the Chief Engineer, such drawings, specifications, bills of quantities, forms of tender and other documents or plans, shall be submitted to him for his approval in writing before tenders for the contract of such work are advertised for.

Note (i).—The terms of a contract shall be precise and definite and there shall be no ambiguity or room for misconstruction therein.

Note (ii).—When necessary, legal and financial advice shall be taken in regard to the nature and form of a contract before it is finally accepted.

Note (iii).—The standard form of a contract shall be adopted wherever possible, and its terms shall be adequately scrutinized before it is finally accepted.

Note (iv).—Provision shall be made in contracts for safeguarding properties belonging to Government or local bodies when such properties are entrusted to a contractor.

18. *Advertisements inviting tenders.*—Every advertisement for tenders shall be published in one or more newspapers and shall briefly describe the works required to be carried out and state the place or places where plans and drawings can be seen, and copies of the specifications and forms of tender can be obtained, the deposit to be paid by any person making a tender, and the date and hour up to which tenders will be received.

19. *Approval of plans, drawings specifications, forms of tender, etc., by the municipal authority.*—All plans, drawings, specifications, bills of quantities, forms of tender and advertisements shall be formally

approved by the municipal authority in meeting. Whenever such authority desires to make any alteration in any one of such documents, the Chief Engineer shall be informed and his advice obtained with regard to such alteration.

20. *Submission and receipt of tenders.*—All tenders shall be submitted in sealed covers addressed to the Chairman or the Vice-Chairman of the municipal authority, who shall attend in person at the office of such authority, or at any other place to which it has been directed that tenders shall be forwarded, at the latest hour specified in the advertisement for the receipt thereof. Any tender received after such hour shall not be considered.

21. *Opening and numbering of tenders.*—The Chairman or the Vice-Chairman of the municipal authority shall himself open the tenders, shall number each tender, and shall note thereon the exact time at which it was opened.

22. *Checking and scrutiny of tenders.*—After the tenders have been opened, they shall be—

- (i) sent to the Chief Engineer; or
- (ii) in the case of works carried out under rule 13(2)(a) under the supervision of a Municipal Engineer approved by the Chief Engineer as being competent to advise on these questions, handed to that officer; or
- (iii) in the case of works carried out under rule 13(2)(b) under the supervision of the District Engineer, handed to that officer, for check and scrutiny:

Provided that, in case (ii) or (iii), the Municipal Engineer or the District Engineer, as the case may be, shall, in case of difficulty or uncertainty, consult the Chief Engineer.

23. *Return of tenders after check and scrutiny.*—The Chief Engineer, the Municipal Engineer, or the District Engineer, as the case may be, shall, after checking and scrutinizing the tenders, return them to the municipal authority with his remarks and recommendations.

24. *Consideration of tenders.*—The municipal authority shall in meeting consider the tenders when checked and scrutinized under rule 23, and either accept one of them provisionally or, if the municipal authority thinks it desirable, refer the matter to the Chief Engineer for advice.

25. *Acceptance of tender.*—No tender shall be accepted which is not in order, is not fully priced out, and is not in every way in accordance with the instructions contained in the advertisement inviting such tenders. If the person making a tender makes in it after its submission any reduction or any alteration other than the correction of a palpable arithmetical error, that tender shall be out of order and shall not be considered. In cases where the lowest tender is not accepted the reasons for such non-acceptance shall be recorded, and in accepting a tender the financial status of the contractor shall be taken into consideration in addition to all other relevant matters.

26. *Discharge of tenders and advertisement for fresh tenders.*—If it is found that none of the tenders submitted is satisfactory, or if for any reason it is believed that the conditions of submitting tenders have not been properly understood, so that fair tenders have not been received, all such tenders shall be discharged and fresh tenders shall be advertised for.

27. *Provisional acceptance and submission of tenders to the Chief Engineer.*—After a tender has been provisionally accepted, it shall be submitted to the Chief Engineer, for final approval, together with all other tenders received for the work, and until such approval has been received, no tender shall be finally accepted by the municipal authority:

Provided that, in case of a difference of opinion between the municipal authority and the Chief Engineer, in regard to the acceptance of a particular tender, the matter shall, if the municipal authority so desires, be referred to the Chief Engineer, Roads and Buildings, whose decision shall be final and binding on all parties.

28. *Placing and acceptance of contracts.*—Whenever practicable, contracts shall be placed only after tenders have been openly invited. Even in cases where a formal written contract is not made, no orders for supplies shall be placed without a written agreement as to the price of the articles supplied. No contract involving an uncertain and indefinite liability, or containing any condition of an unusual nature, shall be accepted without the previous approval of the municipal authority at a meeting. The terms of the contract, once accepted, shall not be materially varied without the previous consent of such authority.

29. *Bengal Public Works Department Code to apply to certain works.*—Works carried out under the complete supervision or control of the Chief Engineer under rule 13(2)(c) shall be governed *mutatis mutandis* by the rules contained in paragraphs 175 to 180 of the Bengal Public Works Department Code (1st edition), and the Chief Engineer shall have the powers of a Superintending Engineer, Public Works Department, as defined in Government orders Nos. 126P.H. and 777P.H., dated the 14th January 1931 and 1st April 1932, respectively.

30. *Examination of contracts by audit authorities.*—The audit authorities shall have power to examine contracts and to report to the Local Government any cases where competitive tenders have not been called for, or where high tenders have been accepted, or where other irregularities in procedure have come to light.

Fees.

31. *Fees.*—For the service of the Chief Engineer specified in column 1 of the following table, the fees shown opposite in column 2 shall be payable by the municipal authority:—

Nature of work.	Fees.
1	2
(a) Preparation of detailed estimates and drawings for projects and schemes.	2 per cent. on the estimated cost of the works.
(b) Preparation of contract drawings, specifications and forms of tender.	2 per cent. on the estimated cost of the works.
(c) Examination and check of detailed estimates and drawings for projects and schemes prepared by a different agency.	$\frac{1}{2}$ per cent. on the first Rs. 20,000 of the estimated cost and $\frac{1}{4}$ per cent. on the balance of the estimated cost of the works.

Provided that when the Chief Engineer prepares both (a) detailed estimates and drawings and (b) contract drawings, specifications and forms of tender in respect of the same works, an inclusive fee of 3 per cent. on the estimated cost of such works shall be payable.

Note 1.—In calculating the fees the cost of survey, land acquisition and supervision shall be excluded from the estimated cost.

Note 2.—These fees shall be included in the estimates and recovered by debit to the works as a first charge on the scheme.

Note 3.—The municipal authority shall pay these fees in cash in accordance with the procedure laid down in article 426 of the Audit Code, if it abandons the detailed scheme at any time, or if, after budget provision has been made for the purpose, it is unable to commence the work within six months or such longer period as the Local Government may be pleased to allow of the final sanction of the scheme.

Note 4.—Under rule 5 fees are to be paid for the preparation of alternative plans and estimates for which application is made by the municipal authority: but revision by the Chief Engineer on his own initiative of plans and estimates previously prepared by him with a view to effect economy or improvements does not amount to the preparation of an alternative scheme for the purpose of this rule.

32. *No charge for services of the Chief Engineer, or his assistants for preparation of sketch of project.*—When the preparation of the sketch of a project is undertaken or supervised by the Chief Engineer under rule 2, no charge shall be made for his services or for those of his assistants, or for the services of Government surveyors, draftsmen and tracers engaged in such work, and drawing materials and instruments required for such work shall be provided at Government expense:

Provided that the municipal authority shall render all reasonable assistance on the spot in supplying survey coolies and survey pegs and in fixing bench-marks, etc., and shall pay the actual cost of the same, and shall also, in each case, provide a suitable office properly furnished for the use of the Government surveyors and draftsmen.

33. *Fees for supervision and control of works under rule 12.*—
(1) The fee payable for the supervision and control of works by the Chief Engineer under rule 12 shall be 8 per cent. on the actual cost of the work.

(2) The percentage prescribed in sub-rule (1) shall be debited to the work every month and shall be calculated on the total expenditure on the work for the month, no item of expenditure recorded in the accounts being exempt from the percentage charges.

Note.—The expenditure on land acquisition shall not be included in the calculation referred to in sub-rule (2).

**The Government of India (Provincial Legislative

At the Court at Buckingham Palace, the 30th day of April, 1936.

PRESENT,

THE KING'S MOST EXCELLENT MAJESTY IN COUNCIL.

Whereas by section two hundred and ninety-one of, and the Fifth and Sixth Schedules to, the Government of India Act, 1935 (hereafter in this Order referred to as "the Act"), His Majesty in Council is empowered to make provision with respect to certain matters connected with Provincial Legislative Assemblies :

And whereas by sub-section (4) of section three hundred and eight of the Act His Majesty in Council is empowered to make amendments of the provisions of the Act relating to the qualifications of members of Provincial Legislative Assemblies and the qualifications entitling persons to be registered as voters for the purposes of elections to those Assemblies :

And whereas a draft of this Order has been laid before Parliament in accordance with the provisions of sub-section (1) of section three hundred and nine of the Act, and an Address has been presented to His Majesty by both Houses of Parliament praying that an Order may be made in the terms of this Order :

Now, therefore, His Majesty, in the exercise of the powers conferred on him as aforesaid and of all other powers enabling him in that behalf, is pleased by and with the advice of His Privy Council to order, and it is hereby ordered, as follows :—

Part I.—Introductory and General.

Introductory.

1. This Order may be cited as the Government of India (Provincial Legislative Assemblies) Order, 1936.
2. (1) In this Order, except where the context otherwise requires—
"territorial constituency" means one of the territorial constituencies mentioned in paragraphs five and eight of the Fifth Schedule to the Act;

“special constituency” means a constituency not being a territorial constituency;

“seat”, “election”, and “constituency” in relation to any Province mean respectively a seat in the Legislative Assembly of that Province and an election or a constituency for the purpose of filling such a seat, and “election” includes a primary election;

“prescribed”, except in the phrase “the prescribed date”, has the same meaning as in the Fifth Schedule to the Act;

“rules” means rules made under paragraph twenty of the Fifth Schedule to the Act;

“commerce” includes banking, insurance and transport;

“mining” includes the getting of oil;

“factory” means a factory within the meaning of the Factories Act, 1934, and “perennial factory” means a factory which is not a seasonal factory for the purposes of that Act;

“mine” means a mine which is subject to the provisions of the Indian Mines Act, 1923;

“Gazette” means the Government Gazette of the province in question;

“preparation” in relation to an electoral roll includes revision thereof and “prepare” shall be construed accordingly;

“member” in relation to a constituent body for a commerce and industry, mining or planting constituency does not include an associate member;

and, subject as aforesaid and to any other provisions of this Order, expressions to which a meaning is assigned by the Sixth Schedule to the Act, either generally or in relation to any particular Province, have, except where the context otherwise requires, the same meanings for the purposes of this Order, either generally or in relation to that Province, as the case may be.

(2) The fact that one of two territorial constituencies is an urban and the other a rural constituency, or that in one of them the seat or one of the seats is a woman’s seat or a reserved seat, shall not prevent them being deemed to be constituencies of the same communal description or constituencies of a similar class if they are both general constituencies or constituencies assigned to a specified community and the expressions “seat of the same communal description” and “seat of a similar class” shall for the purposes of the Schedules to the Act and of this Order be construed accordingly.

(3) Any reference in this Order to a paid up capital of not less than a specified amount shall be construed as including a reference to a paid up capital of not less than the equivalent of that amount in sterling.

(4) Any reference in this Order to all or any of the provisions of any Indian Act shall be construed as a reference to those provisions as amended by or under any other Act or, if those provisions are repealed and re-enacted with or without modification to the provisions so re-enacted.

(5) The Interpretation Act, 1889, applies for the interpretation of this Order as it applies for the interpretation of an Act of Parliament.

Special Constituencies.

3. There shall be an electoral roll for every special constituency and no person who is not, and except as expressly provided by the Fifth Schedule to the Act and this Order, every person who is, for the time being included in the electoral roll for any such constituency shall be entitled to vote in that constituency.

4. The electoral rolls for the special constituencies shall be made up, and from time to time in whole or in part revised, by reference to such date, in this Order referred to as "the prescribed date", as may be directed in each case by the Governor exercising his individual judgment.

5. Subject to any express provisions of this Order, no person shall be included in the electoral roll for any special constituency unless he has attained the age of twenty-one years and is either:—

(a) a British subject; or

(b) the Ruler or a subject of a Federated State; or

(c) if and so far as it is so prescribed with respect to any Province, and subject to any prescribed conditions, the Ruler or a subject of any other Indian State.

6. No person shall be included in the electoral roll for, or vote at any election in, a special constituency if he is of unsound mind and stands so declared by a competent court.

7. No person shall be included in the electoral roll for, or vote at any election in, a special constituency if he is for the time being disqualified from voting under the provisions of any such Order in Council, Act of the Provincial Legislature or rules as may be made or passed under the Act with respect to corrupt practices and other offences in connection with elections, and the name of any person who becomes so disqualified shall forthwith be struck off all the electoral rolls for special constituencies in which it may be included.

8. No person shall vote at an election in a special constituency if he is for the time being undergoing a sentence of transportation, penal servitude or imprisonment.

9. For the purposes of the provisions of this Order relating to the qualifications for inclusion in electoral rolls for special constituencies, any property owned, held or occupied or payment made by, or assessment made on, a person as a trustee, guardian, administrator or receiver, or in any other fiduciary capacity, shall, subject as hereinafter provided, be left out of account:

Provided that except in the United Provinces a person shall be qualified to be included in the electoral roll for a landholders' constituency if he

(a) is on the prescribed date the guardian of a minor who under this Order would have been entitled to be included in that roll if he were of full age and satisfied the relevant requirements of this Order as to residence; and

(b) would himself have been entitled to be included in that roll, if the property of the minor were his own property.

10. For the purposes of the said provisions, where property is owned, held or occupied or payments are made jointly by, or assessments are made jointly on, the members of a joint family, the family

shall be adopted as the unit for deciding whether any qualification exists, and if it does exist, the person qualified shall be, in the case of a Hindu joint family, the manager thereof, and, in the case of any other joint family, the member thereof authorised in that behalf by the family:

Provided that in the case of Bengal this paragraph shall not apply where members of a joint family have separate accommodation and separate messing, and in the case of the Punjab it shall not apply where the respective shares of the members of a joint family are specified in land records or municipal or cantonment records or a decree of a civil court.

11. Subject to the provisions of the last preceding paragraph, where any property is owned, held or occupied or payments are made, jointly by, or assessments are made jointly on, more than one person, any reference in the provisions of this Order relating to special constituencies to any property, payment or assessment shall be construed as a reference to each person's share of that property, payment or assessment.

12. Where under the provisions of this Order any qualification for being included in an electoral roll for a special constituency depends upon the owning or holding of land in a specified area, or the being assessed or the making of payments in respect of land in a specified area, two or more parcels of land in that area owned or held by a person, and assessments made on or payments made by a person in respect of two or more parcels of land in that area, may be aggregated for the purpose of determining whether the qualification exists, but without prejudice, and subject to any express provision in this Order with respect to such aggregation.

13. A person shall not be qualified to be included in the electoral roll for any labour constituency if he is subject to Indian military law.

General.

14. (1) For the avoidance of doubt, it is hereby declared that a primary election held for the purpose of electing candidates for a seat reserved for members of the Scheduled Castes may be proceeded with notwithstanding that less than four candidates stand at that primary election, and that the remainder of the election may be proceeded with notwithstanding that, by reason of a deficiency of candidates at the primary election or by reason of the withdrawal or death of candidates elected thereat, there are or remain less than four duly elected Scheduled Caste candidates for the seat.

(2) At a poll at any such primary election no voter shall have more than one vote.

(3) Save as expressly provided in this Order with respect to Bengal a member of the Scheduled Castes shall not be disqualified to hold a seat not reserved for members of the Scheduled Castes by reason that he has not been elected at a primary election as a candidate for a seat so reserved.

15. Subject to any express provisions of this Order to the contrary, where at an election a poll is taken for the purpose of filling more than one seat, a voter shall have as many votes as there are seats to be filled

on the poll and may give all those votes to one candidate, or may distribute them between such candidates and in such manner as he thinks fit.

16. (1) The provisions of this paragraph shall apply in relation to any election in a constituency where the seats to be filled include a seat or seats reserved for members of the Scheduled Castes, or a seat reserved for a Marathi, a representative of backward tribes or areas, or, in the case of the Bengal Anglo-Indian constituency, a woman.

(2) If the number of candidates qualified to be chosen to fill a seat or seats so reserved is equal to the number of seats so reserved all those candidates shall be declared to be elected to fill the reserved seat or reserved seats and a poll shall only be taken if necessary for filling any seat or seats not filled under this sub-paragraph.

(3) If the number of candidates qualified to be chosen to fill a seat or seats so reserved is greater than the number of seats so reserved, then, when the counting of the votes has been completed, the Returning Officer shall first declare that one, or those, of the qualified candidates to whom the largest number of votes has been given to be elected to fill the reserved seat or the reserved seats.

(4) If the number of candidates qualified to be chosen to fill a seat or seats so reserved is less than the number of seats so reserved, all those candidates, if any, shall be declared to be elected to fill seats so reserved, and the Governor, exercising his individual judgment, shall by notification in Gazette call upon the constituency to elect a person or persons, as the case may be, within such time as may be specified in the notification :

Provided that where a constituency having been already so called upon has failed to elect a person, or the requisite number of persons, as the case may be, to fill a vacancy or vacancies, the Governor shall not be bound again to call upon the constituency to elect a person or persons to fill the vacancy or vacancies until such time as, exercising his individual judgment, he may think fit.

17. If, when a poll has been taken at an election, an equality of votes is found to exist between any candidates, and the addition of one vote will entitle any of the candidates to be declared elected, one additional vote shall be given by the Returning Officer to the candidate, or, as the case may be, the candidates, selected by lot drawn in the presence of the Returning Officer in such manner as he may determine.

18. (1) The fact that a person or body has, in relation to any constituency, more than one qualification to be included, or to nominate persons to be included, in the electoral roll therefor, shall not increase his or its rights as respects inclusion, or as the case may be, the nomination of persons for inclusion, in that roll.

(2) No person shall be entitled to be included twice in the electoral roll for any particular constituency, and the fact that a person is included twice in the electoral roll for a constituency shall not increase his rights as respects voting therein.

19. If a person is elected to more than one seat in the Legislative Assembly of a Province then, unless within the prescribed time he resigns all but one of the seats, all the seats shall become vacant.

20. (1) The dates on which nominations are to be made and scrutinised, polls held and other acts done in connection with elections to a Provincial Legislative Assembly shall be fixed by the Governor in his discretion.

(2) Nothing in this paragraph shall be construed as preventing Acts of the Provincial Legislature or rules from making general provision with respect to the intervals which are to elapse between the successive stages of an election.

21. (1) In all constituencies the electoral roll shall be prepared by such authority as the Governor exercising his individual judgment shall appoint:

Provided that in the preparation of such rolls the authority so appointed may, subject to any prescribed restrictions, employ such persons as he thinks fit.

(2) In all constituencies and at all elections the Returning Officer shall be a person in the service of the Crown in India.

22. (1) If the boundaries of any district or other administrative area mentioned in this Order or in the Sixth Schedule to the Act are altered, any reference in this Order or in the said Schedule to that district or area shall, as from such date or dates as may be fixed by the Governor, exercising his individual judgment, either for all purposes or for any particular purposes of this Order or of the said Schedule, be taken as a reference to the district or area as altered.

(2) Sub-paragraph (7) of paragraph thirteen of Part I of the Sixth Schedule to the Act (which relates to alterations in the boundaries of districts) shall cease to have effect.

23. The provisions of the Fifth and Sixth Schedules to the Act shall have effect subject to the minor amendments specified in the First Schedule to this Order.

24. The Governor of the Province may at any time by order vary the name of any territorial constituency if he deems it expedient so to do.

25. Notwithstanding anything in the Indian Income Tax Act, 1922, it shall be the duty of the appropriate income tax officers to give to any person charged by law with the duty of enquiring into the qualifications of electors such information as is necessary for the purpose of enabling him to discharge that duty.

26. Anything which under the provisions of the Act, or of this Order, is required or authorised to be done by, to or before the Governor of a Province in connection with the preparation of electoral rolls or the holding of elections, or otherwise for the purpose of constituting the Legislative Assembly of the Province in due time (whether or not the Governor is to act in his discretion or to exercise his individual judgment) shall, before the commencement of Part III of the Act, be done by, to or before the Governor in Council or, in the case of Sind or Orissa, the Governor.

Special Provision as to Scheduled Castes.

2. In a constituency in which a seat is reserved for a member of the Scheduled Castes, no member of those castes shall be qualified to be chosen to fill any seat in the constituency unless he was selected as a candidate for the reserved seat or seats at the primary election of candidates therefor:

Provided that this paragraph shall not apply in relation to a bye-election at which no reserved seat is to be filled.

(2) At a poll in the said constituency a person while having as many votes as there are seats to be filled shall not give more than one vote to any one candidate and, when the seat reserved for a woman is to be filled, the maximum number of votes which a voter may give to male candidates shall be one less than the number of seats to be filled.

European Seats.

5. At a poll in a European constituency when more than one seat is to be filled, a person while having as many votes as there are seats to be filled, shall not give more than one vote to any one candidate.

6. A person shall not be qualified to be chosen to fill a European seat unless he is a European entitled to vote in the choice of a member to fill that seat or some other seat.

(3) In the third column of the said table is specified the number of seats assigned to each constituency.

9. (1) Subject to the provisions of this Order, a person shall be qualified to be included in the electoral roll for a commerce and industry, mining or planting constituency if he is himself a qualified member of the constituent body, or is the nominee in that behalf of a firm, Hindu joint family or corporation which is a qualified member of that body.

(2) For the purposes of this paragraph, a member of a constituent body shall be deemed to be a qualified member thereof if, and only if he or it—

**The Government of India (Provincial Legislative
Councils) Order, 1936.**

At the Court at Buckingham Palace, the 30th day of April 1936.

Present:

THE KING'S MOST EXCELLENT MAJESTY IN COUNCIL.

WHEREAS by section two hundred and ninety-one of, and the Fifth Schedule to, the Government of India Act, 1935 (hereafter in this Order referred to as "the Act") His Majesty in Council is empowered to make provision with respect to certain matters connected with Provincial Legislative Councils:

AND WHEREAS a draft of this Order has been laid before Parliament in accordance with the provisions of sub-section (1) of section three hundred and nine of the Act and an address has been presented to His Majesty by both Houses of Parliament praying that an Order may be made in the terms of this Order:

NOW, THEREFORE, His Majesty, in the exercise of the powers conferred on him as aforesaid and of all other powers enabling him in that behalf, is pleased by and with the advice of his Privy Council to order, and it is hereby ordered as follows:—

Part I.—Introductory and General.

Introductory.

1. This Order may be cited as "The Government of India (Provincial Legislative Councils) Order, 1936."

2.—(1) In this Order, except where the context otherwise requires—

"Executive Council" means the Executive Council of the Governor-General or a Governor;

"Legislature" includes any Legislature or Legislative Council under the Government of India Act, or any Act repealed by that Act;

"Minister" means a Minister under the Act or the Government of India Act;

“prescribed,” except in the phrase “the prescribed date,” means prescribed by an Act of the Provincial Legislature or by rules;

“rules” means rules made by the Governor under paragraph twenty of the Fifth Schedule to the Act;

“total income” means total income as computed for the purposes of the Indian Income Tax Act, 1922;

and, subject as aforesaid and to any other provisions of this Order, expressions to which a meaning is assigned by the Sixth Schedule to the Act, either generally or in relation to any particular Province, have except where the context otherwise requires, the same meanings for the purposes of this Order, either generally or in relation to that Province, as the case may be.

(2) The fact that one of two constituencies is an urban and the other a rural constituency shall not prevent them being deemed to be constituencies of same communal description, if they are both general constituencies or constituencies assigned to a specified community and expression “seat of the same communal description” shall be construed accordingly.

(3) For the purposes of any reference in this Order to persons assessed to income tax in any financial year and having in the year in respect of which the assessment was made a total income of not less than a specified amount, a person who is a partner in a firm which is assessed to income tax shall be deemed to be himself assessed in respect of his share of the firm’s income on which income tax is so assessed, and the amount to be included in his total income in respect of that share shall be such sum as may be certified in the prescribed manner.

(4) Any reference in this Order to all or any of the provisions of any Indian Act shall be construed as a reference to those provisions as amended by or under any other Act, or, if those provisions are repealed and re-enacted with or without modification, to the provisions so re-enacted.

(5) If the boundaries of any district or other administrative area mentioned in this Order are altered, any reference in this Order to that district or area shall, as from such date or dates as may be fixed by the Governor, exercising his individual judgment, either for all purposes, or for particular purposes, of this Order, be taken as a reference to the district or area as altered.

(6) If any question arises with respect to any qualification dependent on the holding of a title, order or decoration, the question shall be referred to the Governor-General in his discretion and his decision shall be final.

(7) The Interpretation Act, 1889, applies for the interpretation of this Order as it applies for the interpretation of an Act of Parliament.

Delimitation of Territorial Constituencies.

3.—(1) The territorial constituencies for the election of persons to fill seats in the Provincial Legislative Councils shall be as specified in the tables in the Schedule to this Order.

(2) Any reference in this Part of this Order to a territorial constituency shall be construed as a reference to one of the territorial constituencies aforesaid, and any reference in any of the subsequent Parts of this Order to a territorial constituency shall be construed as a reference to one of the said constituencies for the Province to which the Part in question relates.

(3) In the case of Madras and Bombay the number of seats to be filled by elections in the various territorial constituencies shall be as specified in the third column of Parts I and II of the Schedule to this Order.

In the case of Bengal, the United Provinces, Bihar and Assam one seat shall be filled by an election in each constituency, except that in Bengal three seats shall be so filled in the European constituency.

4. There shall be an electoral roll for every territorial constituency, and no person who is not, and except as expressly provided by the Fifth Schedule to the Act and this Order, every person who is, for the time being included in the electoral roll for any such constituency shall be entitled to vote in that constituency.

5. The electoral rolls for the territorial constituencies shall be made up and from time to time in whole or in part revised by reference to such date, in this Order referred to as "the prescribed date," as may be directed in each case by the Governor, exercising his individual judgment.

6. No person shall be included in the electoral roll for any territorial constituency unless he has attained the age of twenty-one years and is either—

- (a) a British subject; or
- (b) the Ruler or a subject of a Federated State; or
- (c) if and so far as it is so prescribed with respect to any Province, and subject to any prescribed conditions, the Ruler or a subject of any other Indian State.

7. No person shall be included in the electoral roll for, or vote at any election in, any territorial constituency if he is of unsound mind and stands so declared by a competent Court.

8. No person shall be included in the electoral roll for a Muhammadan constituency, a European constituency or an Indian Christian constituency unless he is a Muhammadan, a European or an Indian Christian, as the case may be.

9. No person who is or is entitled to be included in the electoral roll for any Muhammadan constituency, European constituency or Indian Christian constituency in any Province shall be included in the electoral roll for a general constituency in that Province.

10. Notwithstanding anything in the Indian Income-tax Act, 1922, it shall be the duty of the appropriate income tax officers to give to any person charged by law with the duty of enquiring into the qualifications of electors, such information as is necessary for the purpose of enabling him to discharge that duty.

11.—(1) No person shall in any Province—

- (a) at the first elections held for the purpose of constituting the Legislative Council of that Province; or
- (b) at the elections held in every third year thereafter to fill the seats of members retiring on the expiration of their respective terms of office,

vote in more than one territorial constituency, and if any person votes in more than one territorial constituency in contravention of the provisions of this paragraph, his votes in all those constituencies shall be void.

(2) In each Province such provisions, if any, as may be prescribed shall have effect for the purpose of preventing persons being included in the electoral roll for more than one territorial constituency.

(3) No person shall at any election vote more than once in the same territorial constituency and, if he does so, all his votes in that constituency shall be void.

12. No person shall be included in the electoral roll for, or vote at any election in, a territorial constituency if he is for the time being disqualified from voting under the provisions of any such Order in Council, Act of the Provincial Legislature or rules made by the Governor as may be made or passed under the Act with respect to corrupt practices and other offences in connection with elections, and the name of any person who becomes so disqualified shall forthwith be struck off all the electoral rolls for territorial constituencies in which it may be included.

13. No person shall vote at an election in a territorial constituency if he is for the time being undergoing a sentence of transportation, penal servitude or imprisonment.

14. The following provisions shall have effect with respect to the enfranchisement of women in respect of the qualifications of their husbands:—

- (a) a woman who, at the date of the death of her husband, is included in an electoral roll for a territorial constituency by virtue of his qualifications shall, notwithstanding anything in the subsequent provisions of this Order, continue to be on the roll for that constituency unless she remarries or becomes disqualified under the foregoing provisions of this Order for inclusion in that roll:
- (b) not more than one woman shall, at any one time, appear on the electoral rolls for the territorial constituencies

of a Province in respect of the qualifications of any particular man; and any question which of several women is to be selected for inclusion shall be determined in the prescribed manner:

Provided that, if a woman, who is entitled by virtue of sub-paragraph (a) of this paragraph to remain on the roll of a territorial constituency, changes her place of residence, then, if she so desires, she may, on any subsequent revision of the roll, be transferred to the roll of such other territorial constituency as may be appropriate.

15. For the purposes of this Order any property owned, held or occupied or payment made by, or assessment made on, a person as a trustee, guardian, administrator or receiver, or in any other fiduciary capacity, shall, except as otherwise expressly provided in this Order, be left out of account.

Qualifications of Candidates.

16.—(1) The provisions of this paragraph shall have effect with respect to the qualifications to be possessed by members of the Legislative Council of a Province.

(2) A person shall not be qualified to be chosen to fill a seat which is filled by an election in a territorial constituency unless he is entitled to vote in the choice of a member to fill that seat or any other seat of the same communal description in the same Council.

(3) A person shall not be qualified to be chosen to fill a seat to be filled by a person elected by the members of the Legislative Assembly of a Province unless he is entitled to vote in the choice of a member to fill some seat in the Legislative Council of that Province.

(4) A person shall be qualified to be chosen to fill a seat which is to be filled by a person chosen by the Governor in his discretion if he is resident in the Province and is not disqualified to hold a seat by any of the provisions of the Act.

General.

17.—(1) The dates on which nominations are to be made and scrutinised, polls held and other acts done in connection with elections to a Provincial Legislative Council shall be fixed by the Governor in his discretion.

(2) Nothing in this paragraph shall be construed as preventing Acts of the Provincial Legislature or rules from making general provision with respect to the intervals which are to elapse between the successive stages of an election.

18. At an election in a territorial constituency where more than one seat is to be filled on a poll a voter shall have as many

votes as there are seats to be filled and may give all those votes to any one candidate, or may distribute them between such candidates in such manner as he thinks fit:

Provided that in the European constituency in Bengal a voter shall not give more than one vote to any one candidate.

19. If, when a poll has been taken at an election, an equality of votes is found to exist between any candidates and the addition of one vote will entitle any of the candidates to be declared elected, one additional vote shall be given by the Returning Officer to the candidate, or, as the case may be, the candidates, selected by lot drawn in the presence of the Returning Officer in such manner as he may determine.

20. At any election by the members of a Provincial Legislative Assembly to fill seats in the Provincial Legislative Council, the returning officer shall be nominated by the Governor in his discretion, and nominations shall be made and scrutinised, polls held, and other acts done in connection with the election to, by, or before the returning officer, or persons who are under his control or have been placed thereunder for the purposes of the election.

21. If a person is elected to more than one seat in a Provincial Legislative Council, then, unless within the prescribed time he resigns all but one of the seats, all the seats shall become vacant.

22. The Governor of a Province may at any time vary the name assigned to a territorial constituency if for any reason he deems it expedient so to do.

23. Anything which under the provisions of the Act, or of this Order, is required or authorised to be done by, to or before the Governor of a Province in connection with the preparation of the electoral rolls or the holding of elections, or otherwise for the purpose of constituting the Legislative Council of the province in due time (whether or not the Governor is to act in his discretion or to exercise his individual judgment) shall, before the commencement of Part III of the Act, be done by, to or before the Governor in Council.

Provided that in the case of a European constituency, the provisions of this paragraph shall be deemed to be complied with in relation to any person if he is actually employed anywhere in Bengal but is absent from Bengal on leave from his employment.

(2) In this paragraph "a place of residence" means a place where a person ordinarily and actually resides during the greater part of the year.

J. N. RAY, *Secretary (offg.).***Admission to Government Ahsanullah School of
Engineering, Dacca.**

Dacca, the 15th June 1936.

Application for admission should be made to the Principal immediately on a prescribed form obtainable from his office and should reach his office on or before the 30th June 1936.

The minimum entrance qualification is a pass in English and Mathematics in the Matriculation of the Calcutta University or of the Dacca Intermediate Board but candidates passing in Mathematics only may be admitted, provided their marks as a whole are considered satisfactory to prove suitable for admission. Candidates who have appeared at other examinations than the Matriculation are also eligible for admission if their qualifications are considered adequate for the purpose. It should be definitely understood however by all prospective candidates that only candidates

who are Matriculates in the first division or those with still higher qualification have much chance of admission. Candidates who have passed the School Final Examination (Science Side) are also eligible for admission.

The candidates who have passed the Sub-Overseer Examination from a minor institution affiliated to the Overseer Examination Board are qualified for admission to the third year class, provided that they are qualified as to age and there is accommodation (admission being made in order of merit).

The age of candidates for admission in the first year class must not exceed 19 years and in the case of passed Sub-Overseers from minor institutions, 21 years for admission into the third year class.

The monthly tuition fee is Rs. 6 in the Sub-Overseer class and Rs. 7 in the Overseer class.

3. **General.**—The total capital expenditure of the department during the year 1934-35 was Rs. 2,48,024 after deducting receipts and recoveries on capital account amounting to Rs. 27,267 as against Rs. 9,12,019 in the previous year. The major portion of this capital outlay was on the Damodar Canal project, only about Rs. 9,000 being spent on the Bakreswar and the Calcutta and Eastern Canals.

The Damodar Irrigation Canal was the only important new project under construction during the year under review. The project which has been designed to irrigate about 2,00,000 acres of land, mostly for cultivation of paddy in the districts of Burdwan and Hooghly,

was commenced in 1926-27 and is now nearing completion. The canal of which the revenue account was opened from 1st April 1933 worked wonderfully well during the year, even though it was in an unfinished condition, irrigated about 85,081 acres of land and saved crops worth about Rs. 60,00,000 from utter destruction through severe drought. A model of the canal on a miniature scale showing the actual irrigation, cross drainage works such as inlets, syphons, aqueducts, etc., was shown to the people in the Burdwan Agricultural and Industrial Exhibition of 1935. A regular demonstration was given daily to the people in order to impress on them the value of irrigation. The samples of

paddy grown both on the irrigated and non-irrigated areas were kept side by side so that the people might realise the actual benefit of irrigation by the silt-laden red water of the Damodar river. The cultivators who took canal water in due time had an outturn of 16 to 17 maunds of paddy per bigha, whereas those who did not take canal water or took it at the last moment obtained paddy ranging from 1 to 5 maunds per bigha in the same area.

The Bakreswar Irrigation Canal in the district of Bankura which was completed in 1933 has a commanded area of 10,000 acres of which 7,760 acres were irrigated during the year as against 7,361 acres in the previous year. The leased area was irrigated very satisfactorily and produced a bumper crop, while in other areas not irrigated by the canal water there was either no crop or only a partial crop.

The newly constructed locks and sluices in the Lower Kumar river were operated during the year in accordance with a plan of working formulated by and conducted under the supervision of Mr. J. F. Russel, the then Executive Engineer of the Khulna Division. The experiment gave results which, though encouraging, were not however decisive.

The construction of the Grand Trunk Canal to provide a shorter inland steamer route from Calcutta to East Bengal and Assam which was sanctioned by the Secretary of State for India in 1920 has been held in abeyance. A small capital expenditure of Rs. 8,990 was incurred as in previous years on the upkeep of buildings on the acquired land and on petty establishment and tools and plant. The expenditure incurred however was more than compensated by receipt and recoveries on capital account amounting to Rs. 19,810.

The expenditure on revenue account during the year amounted to Rs. 26,19,766 of which Rs. 4,26,046 was spent on irrigation works proper, the principal items being the Midnapore, the Bakreswar and the Damodar and Eden Canals. The expenditure on the Midnapore Canal was Rs. 1,48,470 which included Rs. 44,578 for maintenance and repairs and Rs. 1,04,808 for overhead charges. The expenditure on the Bakreswar Canal was Rs. 12,701 while that on the Damodar Canal including the Eden Canal totalled Rs. 2,52,120. The rest

of the expenditure was on navigation, embankment and drainage works. The expenditure on navigation was mainly for (1) upkeep of five suction dredgers, (2) maintenance of the Hijili Tidal Canal, (3) maintenance of existing steamer and boat routes from Calcutta to Eastern Bengal and Assam, including the reconstruction of the bridges over the Calcutta Canals and Tolly's Nala, to the cost of which the Calcutta Improvement Trust and the Calcutta Corporation contributed in certain cases and (4) conservancy of some of the principal navigable rivers of the province such as the Ganges, the Dhalleswari and the Buriganga. The expenditure on the Calcutta and Eastern Canals, the Hijili Tidal Canal, the Sunderban Steamer Route and the Madaripur Bil Route was Rs. 6,27,712, Rs. 58,724, Rs. 54,000 and Rs. 2,26,053 respectively as compared with Rs. 4,83,742, Rs. 74,696, Rs. 82,905 and Rs. 2,79,612 in 1933-34 while the cost of upkeep of the dredgers amounted to Rs. 80,432 as against Rs. 2,33,117 in the previous year. There was a marked decrease in the working expenses of the principal navigation canals except the Calcutta and Eastern Canal. The increased expenditure on the latter was due to the execution of some special repair works, such as strengthening the apron of the Chitpore lock, strengthening the banks of the Kristipur Canal, replacing the two dwarf gates of the Chitpur lock, etc.

The total revenue receipts and working expenses of the department during the year were Rs. 11,40,766 and Rs. 26,19,766 respectively as against Rs. 12,99,423 and Rs. 27,85,699 in the previous year. Revenue from the Midnapore and the Hijili Tidal Canals considerably declined during the year and this mainly accounts for a further fall in receipts. The area irrigated from the Midnapore Canal greatly diminished (only 10,491 acres being irrigated against 19,517 acres in the previous year) as none of the lapsed leases was renewed during the year owing to heavy fall in the prices of agricultural produce and also to the fairly well distributed rainfall. Moreover, the economic condition of the raiyats in this tract is gradually getting worse, and their sustaining capacity is becoming more and more strained with the prolongation of the period of depression. The short realisation of revenue from the Hijili Tidal Canal was due to poor outturn of paddy crops in

the Etamogra Subdivision owing to scarcity of rain in that division and consequent decrease in export and also to closure of the canal for silt-clearance and special repairs. The financial results of other navigation canals however were a little better and give rise to the hope that with the return of normal economic conditions the very large deficits now noticed will be completely wiped off.

It was not possible to undertake any of the major schemes already administratively approved and, as stated in the previous reports, the policy of Government has still perforce been restricted to smaller schemes of local benefit.

The free flushing of malarious areas as a sanitary measure was continued and extended during the year. The places actually flushed in the Pingla and Narayanghar thanas of the Midnapore district covered an area of 4,705 acres. An additional area of 2,400 acres in the Panskura police-station in the Kola-Panskura area was also taken up for flushing. The spleen index of the areas flushed appears to have been reduced to some extent.

The department maintained about 1,293 miles of embankment during the year. The policy of gradually abandoning protective embankments where circumstances render it feasible was continued and a proposal for the abandonment of the whole of the Chetua circuit embankment and the Darkeswar right embankment was under consideration. The total amount spent on maintenance of embankment and drainage works such as the Mograhat Drainage Works, Rajapur Drainage Works, etc., was Rs. 8,99,867 as against Rs. 11,42,862 in the previous year.

The department has also to deal with the protection of towns from river erosion. During the year under review no protective works were undertaken, but the revetment constructed for the protection of Sirajganj was efficiently maintained and periodical observations were made of the erosion at Chandpur and Noakhali.

The department undertakes surveys and investigations with a view to examining the feasibility of working out schemes for irrigation and drainage purposes. It also conducts discharge observations and collects hydraulic data of all important rivers. During the year under review several surveys were

continued from the previous year and several new surveys were undertaken. The most important of these were (1) detailed survey of the Savankar Danra Project, (2) detailed survey of the Darkeswar Reservoir Project, (3) survey of the Ajoy Canal scheme, (4) survey of the Messanjore Reservoir scheme, (5) discharge observations of important streams in the Bankura and Birbhum districts and (6) contour survey in connection with the More Reservoir project.

4. The Damodar Canal Project.—The total capital expenditure (direct and indirect) to the end of the year 1934-35 was Rs. 1,05,80,911 as against the revised estimate of Rs. 78,14,981 sanctioned by the local Government. A second revised estimate was prepared by the Chief Engineer and submitted to Government, but it had to be returned to him for further scrutiny and modification. The revenue account of the project which is nearing completion was opened from the 1st April 1933. Revenue and working expenses during the year amounted to Rs. 96,671 and Rs. 2,52,120 respectively.

5. The Bakreswar Irrigation Scheme.—The project was practically completed in the year 1933-34 and the revenue account was opened from the year 1931-32. The capital expenditure (direct and indirect) to the end of the year 1934-35 amounted to Rs. 7,13,812 as against the sanctioned estimate of Rs. 4,90,596. A revised estimate for the

project submitted by the Chief Engineer is still under the consideration of Government. The gross revenue and working expenditure during the year were Rs. 17,815 and Rs. 12,701 respectively, the result being a net revenue of Rs. 5,114.

6. The Midnapore Canal.—The canal consists of two weirs at Midnapore and Panskura, 65 $\frac{1}{3}$ miles of main and branch canals used both for irrigation and navigation purposes and 284.87 miles of distributaries and village channels. No capital expenditure was incurred on the canal during the year. The gross receipts and working expenses were Rs. 63,610 and Rs. 1,48,470 respectively as against Rs. 1,00,347 and Rs. 1,50,361 in the previous year. The result was a deficit of Rs. 84,860 as against the deficit of Rs. 50,014 in the previous year. The reasons for the further fall in receipts have been explained in paragraph 3 above.

7. The Grand Trunk Canal Project.—The construction of the Grand Trunk Canal project at an estimated cost of Rs. 2,49,49,000 (direct) which was started in 1920-21 has been held in abeyance. The expenditure on direct and indirect capital outlay to the end of the year 1934-35 after allowing for receipts and recoveries on capital account amounted to Rs. 14,27,896.

8. The Hijli Tidal Canal.—This khal with the Terapakhia Pass khal, Palaboni khal and the khal leading to the Gewankhali lock entrance constitutes a navigation canal 49 $\frac{3}{4}$ miles in length. No capital expenditure was incurred on the canal during the year. The gross receipts and working expenses amounted to Rs. 33,846 and Rs. 58,724 respectively as against Rs. 45,515 and Rs. 74,696 in the previous year, the result being a deficit of Rs. 24,878 as against the deficit of Rs. 29,181 in the previous year. Causes of further fall in receipts have been explained in paragraph 3 above.

9. The Calcutta and Eastern Canals.—These consist of natural and artificial channels about 834 miles long for maintaining communication between Calcutta and Eastern Bengal. There was a capital expenditure of Rs. 6,688 on this system during the year. This sum was spent on the demarcation of Government land along the Tolly's Nala. The gross receipts and working expenses

amounted to Rs. 3,68,740 and Rs. 6,27,712 respectively as against Rs. 3,58,618 and Rs. 4,83,742 in the preceding year. The result was a deficit of Rs. 2,58,972 as against the deficit of Rs. 1,25,124 in the previous year. The reason for increased working expenses during the year has been explained in paragraph 3 above.

10. The Sundarbans Steamer Route.—This route is about 350 miles long. There was no capital expenditure on the route during the year. The gross revenue and working expenses amounted to Rs. 70,325 and Rs. 54,000 respectively as against Rs. 60,062 and Rs. 82,905 in the previous year, the result being a net revenue of Rs. 16,325 as against the deficit of Rs. 22,843 in the preceding year.

11. The Madaripur Bil Route.—This route connects the Modhumati and Kumar rivers in the Faridpur district and is about 38 miles in length. No capital expenditure was incurred on this route during the year under review. The revenue receipts and working expenses amounted to Rs. 1,97,270 and Rs. 2,26,053 respectively as against Rs. 1,68,199 and Rs. 2,79,612 in the previous year. The result was a deficit of Rs. 28,783 only as against the deficit of Rs. 1,11,413 in the previous year.

12. Dredgers.—The dredger "Foyers" was employed during the year under review for 106 days in all on (I) dredging the Narayanganj dockyard, (II) dredging the shoals in the Lower Kumar river, (III) dredging the Mangalpur shoal and (IV) dredging at Paksey near the Hardinge bridge. The hire earned by her amounted to Rs. 33,649. This sum together with the sum of Rs. 120 representing value of certain materials was credited to the revenue account of the dredger. The rest of the dredgers, viz., "Alexandra," "Cowley," "Burdwan" and "Ronaldshay" remained practically idle throughout the year. The "Ronaldshay" however earned Rs. 5,733 and the "Cowley" Rs. 867 as hire during the year for lending some of their pontoons to the dredger "Foyers" for Hardinge bridge work of the Eastern Bengal Railway at Paksey. Out of the sum of Rs. 5,733 earned by the "Ronaldshay" Rs. 4,845 were credited to her capital account and the balance, viz., Rs. 918 together with a sum of Rs. 2,170 representing value of certain spare parts transferred to the

dredger "Foyers" was credited to her revenue account. The hire Rs. 867 earned by the "Cowley" was also credited to her capital and revenue accounts, Rs. 714 to capital account and Rs. 153 to revenue account.

Taking all the dredgers together the receipts amounted to Rs. 37,010 while their working expenses amounted to Rs. 80,432 as against Rs. 2,33,117 in the previous year.

13. Minor Irrigation, Navigation, Embankment and Drainage Works, for which neither Capital nor Revenue Accounts are kept.—These include the Amjore weir, the Salbund weir, the Orissa Coast Canal, the Nadia rivers, Magrahat Drainage Schemes, Government embankments and other works enumerated in the list at the end of paragraph 3 above. Total receipt from these works amounted to Rs. 2,55,479 while their working expenses were Rs. 11,59,554 as against Rs. 13,62,512 in the previous year.

14. River Training Works.—Bandalising works were done in the river Dhalleswari and Buriganga to train the shoals with the objects of maintaining a navigable depth of water during the low water season and of ensuring a supply of good drinking water to the city of Dacca. The work was carried out through the agency of the Joint Steamer Companies with a Government subsidy of Rs. 17,500.

The Lower reaches of the Boraitali channel were maintained in good condition and were open to steamer traffic throughout the low water season.

15. General economic condition.—The rainfall in Central and Northern Bengal was good and well distributed and consequently the condition of crops was good, but in many areas in west Bengal it was far below the normal. There was consequently a total failure of crops in those areas. In areas irrigated by canal water however the out-turn was very good. There was no flood of importance in any of the rivers. The general economic condition of the country continued to be unfavourable owing to trade depression and fall in the price of paddy and other commodities.

No. 4997L. S.-G.—16th June 1936.—In exercise of the power conferred by clause (i) of section 138 read with sub-clauses (b) and (c) of clause sixthly of section 53 of the Bengal Local Self-Government Act of 1885 (Bengal Act III of 1885), the Government of Bengal (Ministry of Local Self-Government) are pleased to make the following amendments in rules 116 to 119 of the Bengal Local Self-Government Account Rules relating to travelling and daily allowances of Chairmen, Vice-Chairmen and members of district and local boards, published under notification No. 2158L.S.-G., dated the 5th September 1918, as subsequently amended, namely:—

Amendments.

In rules 116(1), 117(1), 118(2) and 119(2) for the words "by the shortest route only for journey by road or boat" substitute the words "allowance calculated on the distance travelled."

2. After rule 119 insert the following, namely:—

Principles of calculation of mileage allowance.

"119A. (1) For the purpose of calculating mileage allowance under rules 116(1), 117(1), 118(2) and 119(2) a journey between two places is held to have been performed by the shortest of two or more practicable routes or by the cheapest of such routes as may be equally short: provided that when there are alternative railway routes and the difference between them in point of time and cost is not great, mileage allowance should be calculated on the route actually used.

(2) The shortest route is that by which the traveller can most speedily reach his destination by the ordinary modes of travelling. In case of

doubt, the Commissioner of the Division may decide which shall be regarded as the shortest of two or more routes.

(3) If a journey is made by a route which is not the shortest but is cheaper than the shortest, such mileage allowance should be calculated on the route actually used.

(4) When it is necessary for carrying out the object of the journey (e.g., inspection of roads) to travel by a route which is not the direct or the cheapest route or to travel by stages the reason for such journeys should be clearly stated in the travelling allowance bill. The controlling officer may, if satisfied with the reasons, permit such mileage allowance to be calculated on such routes provided actual journey is performed by such routes. This concession will also be granted when the shortest route is impracticable for travelling at the time the journey is performed."

Burdwan.—No. 176T.M.—18th June 1936.—

In exercise of the power conferred by clause (g) of sub-section (1) of section 6 of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), and in modification of paragraph 2 of notification No. 918M., dated the 17th February 1905, the Government of Bengal (Ministry of Local Self-Government) are pleased to declare their intention that the boundaries of the Burdwan Municipality shall be as follows:

And whereas no man can be forejudged of life or limb, or subjected in time of peace to any kind of punishment within this realm, by martial law, or in any other manner than by the judgment of his peers and according to the known and established laws of this realm ; yet nevertheless, it being requisite, for the retaining all the before-mentioned forces, and other persons subject to military law or to the Air Force Act, in their duty, that an exact discipline be observed and that persons belonging to the said forces who mutiny, or stir up sedition, or desert His Majesty's service, or are guilty of crimes and offences to the prejudice of good order and military or air force discipline, be brought to a more exemplary and speedy punishment than the usual forms of the law will allow :

Chittagong, the 18th June 1936.

**Rules for the guidance of private candidates
for the Matriculation Examination of 1937.**

The following rules for the guidance of private candidates for the Matriculation Examination are published for general information:—

1. Private students are those who have not attended any recognised or unrecognised school for at least one year previous to the examination. The term "private students" includes *bonâ fide* school-masters.

2. Private students must appear at the Test Examination of one of the following institutions on the dates mentioned below:—

Comilla Zilla School, Noakhali R. K. Zilla School, Chittagong Collegiate School and Rangamati High English School.

Dates of examination—4th, 5th, 6th, 7th and 8th January 1937.

Female candidates and teachers of schools recognised by the Calcutta University, or any other University or any Board of Secondary Education in India or by the Department are not required to pass the Test Examination for private candidates held by the Inspector of Schools, Chittagong Division.

3. Private candidates offering hygiene as one of their subjects need not obtain the previous permission of the University for that purpose. They will be required to satisfy the Inspector of Schools that they have undergone a course of training in the subject. For this purpose they should submit to the Divisional Inspector of Schools, along with their applications for permission to appear at the Test Examination, certificates of training in it from a recognised medical practitioner or from a recognised teacher in hygiene.

4. Each private student will pay a fee of Rs. 5 to the head of the institution in which he appears for the Test Examination. No private student will be admitted to the Test Examination unless he is accompanied for the purpose of identification by some person known to the headmaster of the institution in which he appears.

5. Application for permission to appear at the Test Examination must be sent in time in duplicate in the enclosed form so as to reach this office not later than the 20th November 1936.

N. B.—A student who failed to pass or appear at the annual examination for promotion to class X at the end of the session 1935 and then left the school can, under no circumstances, be allowed to appear at the Test Examination.

6. The Inspector on being satisfied will grant necessary permission and return the application, which will then be the candidate's passport for admission to the Test Examination.

7. Every candidate must deposit his fee for the Test Examination with the headmaster of the institution in which he intends to appear at least 18 days before the date of that examination. The headmaster will deposit the amount realised by him into the local Treasury and forward a copy of the Treasury chalan to this office. He should also submit to this office an account of the charges incurred by him (including remuneration to examiners) for conducting the examination of private candidates, together with vouchers in support of the charges, on receipt of which the Director of Public Instruction will be moved to sanction the expenditure.

8. The headmasters of the institutions named in paragraph 2 above should direct private candidates who satisfy the test to appear before them in due time, with their applications for admission to the Matriculation Examination, and to sign them in their presence. They will then grant the necessary certificate and forward the applications to the Inspector for countersignature, after which they will be returned to the headmasters for delivery to the candidates concerned.

9. In no circumstances should the fee for the Matriculation Examination be sent to the Inspector's office. It should be sent to the Controller of Examinations, Calcutta University, by the candidates themselves, together with the countersigned applications.

10. Private students must understand that the Test Examination of any school other than those named above will not be accepted by the Inspector.

11. The Matriculation Examination will be held in March 1937, the exact dates of which will be notified by the University.

12. Applications and fees for admission to the Matriculation Examination must reach the office of the Controller of Examinations on or before the date to be fixed by the University.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Unconvenanted service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are (1) that widowed daughters incapable of re-marriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominee predecease them after five years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India, and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Bengal, Imperial Secretariat Buildings, Calcutta.
